WORLD OF SPORTS

ELABORATE BRIDGE PARTY  
HELD AT COY. H. Q.

A bridge tournament was held at Hq on Saturday & Sunday with 16 contestants going to the plate. The games started at 1200 Sat. and half time was called at 3 o'clock Sun. morning. Reveille was at 0700 hrs on Sun. and at 0730 hrs the game was well under way again.

Mrs. MacLaren and Miss Switzer favoured the Culbertson system but wound up in last place. We are wondering if the Cul. system is wrong, or could it be the players. Another outstanding feature was the team of Miss Daisybell Bingham and widow Dunkeld when widow Dunkeld bid 2 no trump and her partner answered with 3 hearts with not a face card in his hand and only four hearts (we are glad to report that there were no casualties in the ensuing 10 mins.) because widow Dunkeld went 3 no trump and his partner passed. Thus ended the partnership of widow Dunkeld and Miss Daisybell Bingham. Miss Flynn wasn't paying much attention to the game as she had a new hat and she was so fidgety trying to show it off that she ended up in the hole at the last. Then there was the team of Mother Bloom and Madam Dunstall, not a bad combination, a likely winning pair at half time but as usual dropped in the last half. The topic of conversation during rest period was the argument of Senorita Richer and Miss Vera Vague Senyk which almost caused a catastrophe when Miss Senyk tore off her dress and proved that hers was longer than Senorita Richer's (appendix operation we mean fellows). And then there was Miss Betty Boop Bibby a carpentress at H. Q. and if she does her work like she plays bridge we better start looking for a new carpentress.

Congrats to CBM Jones for organizing the bridge tournament and for the way it was kept under control. Here's hoping that another one will soon be organized, what say Sgt. Major? If the Dets think they have a bridge team come on over to H. Q. and we will always give you a game on Sundays or Sat. aft noons.

RUNNING THE "MOLAR"

Some think that running a paper is easy, but from experience we can say its no picnic. If we print jokes people say we are too serious. If we make a change in other fellows copy, we are too critical, if we don't we are asleep. Now, like as not someone will say we have swiped this from another paper, AND WE DID.

KENNY LLOYST LEAVES FOR CANADA

STOP PRESS

by Sgt. Ed. Ellis

When Ken Lloyst, our up and coming post-war politician (whatever it is I'm agin it Lloyst they call him) weaved his way out of the C.C.'s tent, staggered over to his bed he was muttering one word over and over like a thirsty man in the desert drinking "water". But, Ken was whispering "Home Home". Then came the plans. First stop P.S.I. where the spuds grow. I'll clean em out sez Kenny, no more mutton to. I'll find the right location of the hotel in Toronto MS McLaren and Switzer were arguing about also, I'll just naturally come to it. Then came the distribution of his junk, razor, trunks with a bi hole near the fly (moths or impatience??) were all flung on the floor. He didn't sleep a wink that night either because he was going home or because he was short five towels and a scraper when "Al Brusco" checked his kit. The next day he staggered out of camp an hour ahead of time and the last thing he was heard to say was "Black Horse - Labatts or both, I'll have em all".

Did MS Brusco ably assisted by Cpl. Simpson ever find the upper left impacted molar, shade 6, Mold P2 ????? after trying to tell Pte Johnny Brosseau that a 3L was the closest they had (no kiddin they really meant it) small wonder we get size 40 for 32 drawers.

Hq 1 Coy. wishes Kenny Lloyst "Bon Voyage" and all future successes and early return to 1 Coy CDC. As a technician he will be hard to replace.

The latest events about to happen in the Coy are the reposting of Lt Egan and his "Lightning Commandos" namely Cpts Greasy, McCubbin and Kinney with complete Dets to 3 Coy C.D.C. The reason for this being the exigencies of the service in that Arm'd Bde is now serviced by 3 Coy CDC. No. 1 Coy are exceptionally sorry to lose these Dets and they will indeed be hard to replace. The best of luck and future successes are wished these Officers and their Dets.

As replacements Cpts. Harvey, Cameron, Michael, Stapleton and Kulyk will be reposted with complete Dets to 1 Coy CDC. Maj Smith, Cpts Allen and Cooper are replacing Maj Harris. Maj Boyaner and Capt McEbban.

MYSTERY OF THE WSA

Where is Capt Manky Jarrett and his high class clinic set up. Rumours have it that his present location is the Apollo Club, Rome. The girl with the bulging eyes apparently paralyzed the motors.

\*\*\*\*\*

Cpts Proulx, Walley, Thompson and Dyer are doing their stuff with 11 Coy at present with technicians Campoux and Jewson.

\*\*\*\*\*

MS McLaren hopes that all operators will be able to arrange contacts for the cases that he sends out, seeing that the Coy is now working on an area basis serving anyone that reports.

\*\*\*\*\*

Our sympathies to "Daisy Flynn" who met with an accident while D.Ming our convoy. Here's hoping he comes back to the Coy soon.
