is a story, a true story that
 es a message that should be
 n to all ranks C.D.C. (espec-
 y Les Trayner for future ref.)
 title, "Let that be a lesson
 e", or "Never trust a woman,
 t of all a CWAC".

week the Officers Mess of 5
 t Field Ambulance (note the new
 inology) had thrust upon them
 rations, quarters (and discip-
) seven CWACs from the Army
 playing in town.

er a day or so, one of them hap-
 ed to mention that the water was
 er cold for washing (especially
 er the arms, eh dearie?). Well
 Scout MacDonald stepped into the
 ach and offered the charming
 ng lady (a buxom b--, I mean girl
 a honeyed voice and taking ways,
 mistress of ceremonies in the
 y) the use of one army issue,
 en Coleman Stove, complete with
 onstration.

more was heard of the a/m article
 ll the day they left. They got
 y at 0630 hrs and as I was over
 the clinic at that hour working
 my 4th patient of the morning,
 issed them. When time permitted
 ent a message over to Stu Oliver
 take over any emergencies for 5
 utes, left a sign on the door,
 I Armstrong - will be back in 5
 utes, D.H.M." and dashed over to
 rooms. After wading through
 ces of lip-stick stained kleenex
 bits of torn letters, I can
 oss the possessions of other help-
 officers, the Colonel's thermos,
 Q.M.'s wash basin and the 2 1/c's
 , all left neatly behind --- but
 stove!

so my friends, take warning and
 t try to help a woman. At least
 your money's worth if you do.
 ter you should loan things to an
 est Italian Signorine than to a
 stol Packin' female Canuck.
 e Hell of it is that the stove
 st had a new generator in it.

THE WORLD OF SPORT - by Fitzie

Mud and rain had it's own way this
 week and much to our dissapointment
 three of the scheduled games of
 softball of the Div. Series were
 cancelled. We all know how "Sunny
 Italy" the land of our co-belligerent
 isn't sunny at all this time of year.
 If we look back to this time last year
 many of the lads will remember the
 mud-hole at Campobasso; we had to
 build roads in that field to get
 our trucks out, so this year it seems
 it will be the same.

While waiting for our first game I
 think it wouldn't be a bad idea to
 introduce the lineup for the first
 game, it's due for changes anytime.
 Our catcher and old-timer of the Coy
 and good man behind the bat - Lalonde.
 He is at present attached to the
 Hasty Pees and from reports is play-
 ing that position for them and doing
 a good job. Our Moundslinger, a
 newcomer to the Coy - Capt Kulyk. He's
 like an oldtimer and has made many
 friends and would like to go to Burma
 (or is it a rumour). 1st Base will
 see our curly headed Romeo, other-
 wise known as Youd. On second we'll
 have no other that L/Cpl "Phony"
 Richer of Phonys Phony Developing and
 Printing Co. He's steady and reliable
 Sgt. Chuck Jewson, A.D.C. to CSM Jones
 will be watching the line at 3rd.
 We have a lot of confidence in Chuck.
 Shortstop will be locked after by
 yours truely, who will do his utmost
 to stop 'em. Our smiling S/Sgt Lou
 Bloom is occupying right field. Lou's
 not known to have dropped any in the
 many years he has played for the Coy.
 In Center you will find our Baby Face
 Pancake Champ Bingham doing his stuff.
 Bing is one of those guys we can trust
 to catch them, a regular basket. A
 new and most welcome addition to the
 team at left field is Ed Harley,
 otherwise known as "Short Circuit". Ed
 is a cool and fine fielder. To any-
 one who hasen't seen Ed play yet all
 I can say is "Brother you ain't seen
 nothin" yet". He's good. The re-
 tired man of softball Sgt Tommy Car-
 penter is coach. There's your basis
 for a good team. How about it eh?
 We only hope the weather will clear up
 but it dosen't look so good, we still
 have hope.

THE SICK LIST

Castle, one of our cooks has S.O.S. sick on admission to hospital. We wish you the best luck Ken and hope that you will be able to return to us.

Lou Bloom has returned after sit in hospital and is looking well and happy after his hitch-hike.

C.D.C. Seaside Resort is no longer. By Order of the 8th Army we were forced to evacuate further inland. However we can still be seen in Cattolica and to those of our souls who wish to go swimming the beach is still within walking distance.

DETACHMENT CHANGES

Kulyk and detachment have moved their practice to the SLI. Harvey and detachment have moved location from the SLI to R.C.D.'s where he reports business as usual.

C. H.Q. had music while they were the other night. Aux. Services arranged for an Italiana Orchestra to play during the supper hour. "Patron" is reported to have died that he closed his eyes and imagined himself in the Royal Palace. Pretty virile imagination.

M. Jones is to be complimented for his masterful performance in painting 21 Dental Clinic signs and 4 further motor-cycles for Coy H.Q. Don R service.

Attention should be drawn to the little job done by Sgt. Anderson for the P.P.C.L.I. in painting 12 smart little ~~xxxxxxxx~~ silver rosettes to be pinned on medals received for gallantry in the field.

103 personnel of No. 1 Coy C.D.C. unamamously off Major Irwin their heartiest congratulations and the best of luck for having received a well earned and deserved crown.

Congratulations to Sgt. Yorke on passing his trades test for Sgt. "B" Dental Assistant. It is rumoured he now has his cap set for OCTU.

Major Smith invites visitors to inspect his Mobile Dental Clinic which says he is the smartest design yet completed. He further states he is quite willing to loan his plans to anyone who is interested in making himself comfortable.

Sgt Anderson is now cracking the whip as officer i/c Coy H.Q. Lab. The best of luck Andy. Anticipation in the Coy now is as to whether we have another "Simon Legree" or not.

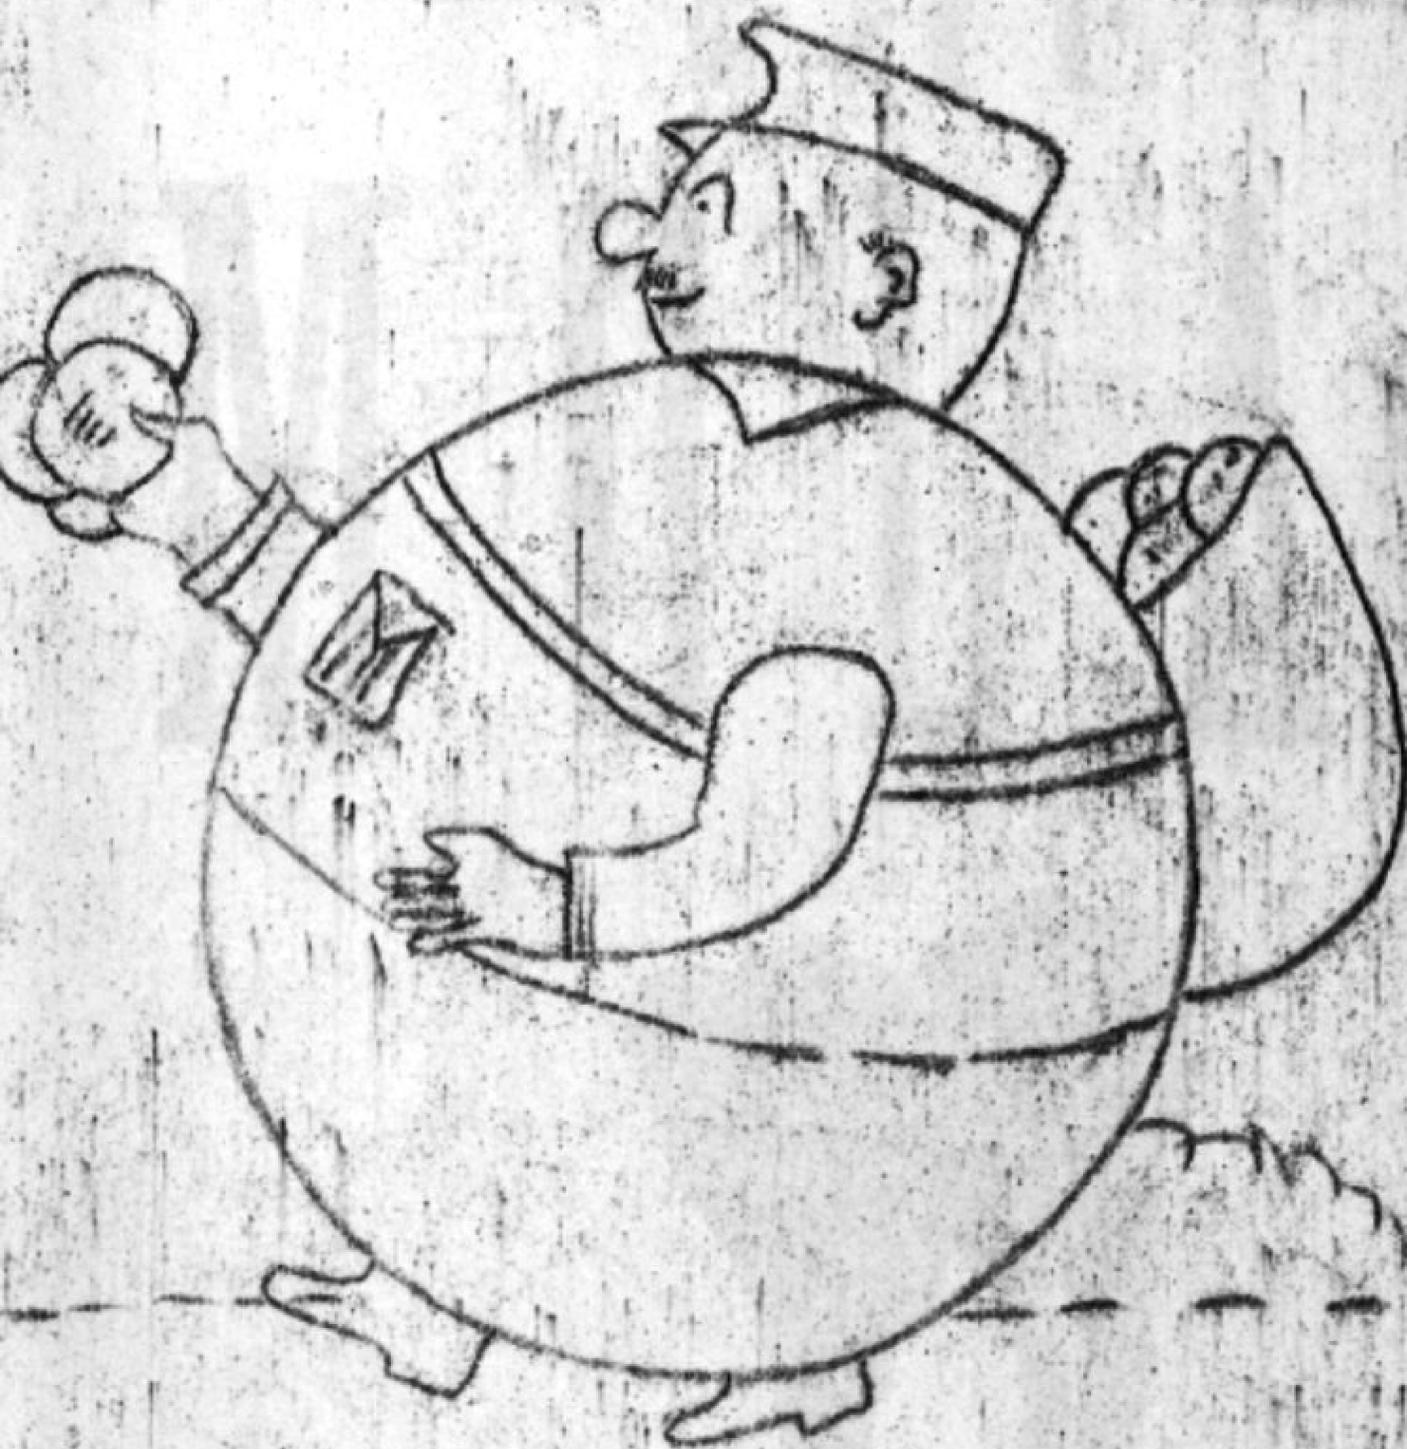

Pte Neily says "God let me into the limelight this week, too, because I passed my trades test as Orderly Room Clerk "C" with only ten weeks experience and now I demand that I will fill the present vacancy of the job because I need that extra two-bits for vino.

Don R's are mad as blazes these days. they say "We have hundreds of miles to travel through mud and water to bring the mail daily and if the D.O.'s won't put up their signs---no mail.

SEVENTH VICTORY LOAN EFFORT

To date only two operators have called on the unit representative signifying they have their clinics lined up for the V-Loan. H.Q. has already topped their objective and are looking for more support detachments as the time is short let's put No. 1 Coy., C.D.C. over the top with a BANG and at the same time going ourselves a good turn by buying a bond.
