THE CFDS NEWSLETTER

Published under the authority of ADM(Per)/DGDS Brigadier-General James N. Wright, CD, QHDS, DDS, MScD, FICD, MRCD(C) the CFDS Newsletter is an unofficial publication and serves as a means for the exchange of ideas, experiences and information within the Canadian Forces Dental Services. Views and opinions expressed are those of the authors and not necessarily those of the Director General Dental Services or the Department of National Defence. In this regard, the editor reserves the right to edit or reject any editorial material as deemed appropriate.

The CFDS Newsletter is published three times a year with submission due dates to NDHQ/DGDS by 15 Jun, 15 Oct, 15 Feb. Submissions should be directed to: Editor CFDS Newsletter, DGDS/DDPR-3, National Defence Headquarters, Ottawa, Canada, K1A 0K2.

BULLETIN DU SDFC

Publié avec l'autorisation du SMA(Per)/DGSD Brigadier-général James N. Wright, CD, QHDS, DDS, MScD, FICD, MRCD(C). Le Bulletin du SDFC est une publication non-officielle qui sert à l'échange d'idées, d'expériences et d'information au sein du Service dentaire des Forces canadiennes. Les opinions exprimées dans le Bulletin sont celles des auteurs. Elles ne sont pas nécessairement portagées par le Directeur général du Service dentaire ou le ministère de la Défense nationale. A cet égard, le rédacteur en chef se réserve le droit de modifier ou de refuser tout article qu'il estime nécessaire.

Le Bulletin du SDFC est publié trois fois l'an. Les articles doivent être présentés au QGDN/DGSD au plus tard le 15 des mois de juin, d'octobre et de février et transmis au Rédacteur en chef du Bulletin SDFC, DGSD/DSDPB-3, Quartier-général de la Défense nationale, Ottawa, Canada, K1A 0K2.

NEWSFLASH

The Chief of Defence Staff General Gérard C.E. Thériault announced the appointment of Brigadier-General (Ret'd) W.R. Thompson as the new Colonel Commandant for the Canadian Forces Dental Services. On behalf of all members of the CFDS, congratulations and best wishes, to General Thompson.

Le Chef de l'État-major de la Défense, le général Gérard C.E. Thériault, a annoncé la nomination du brigadier-général à la retraite W.R. Thompson, à titre de colonel commandant du Service dentaire des Forces canadiennes. Au nom de tous les membres du SDFC, nous lui offrons nos félicitations et lui souhaitons le meilleur succès.

Pictured above is BGen Wright presenting BGen (Ret'd) Thompson with his appointment script as Colonel Commandant, CFDS.

Sur la photo le brigadier-général Wright présente au brigadier-général Thompson (retraité) son parchemin au poste de colonel commandant du SDFC.

Honourary Appointment - Colonel Commandant CFDS
Brigadier-General W.R. Thompson (Ret'd) CMM, CD, QHDS, DDS, FRCD(C),
FICD

The position of Colonel Commandant is an honorary appointment which is held in high esteem and is accorded to a retired senior officer of the concerned Branch. As Colonel Commandant, BGen Thompson's duties will include fostering esprit de corps throughout the Dental Branch and advising the Chief of the Defence Staff on matters of significance to the Canadian Forces Dental Services.

BGen Thompson's long and distinguished military career commenced in 1943. During World War II he served with the Canadian Army as a dental assistant and subsequently qualified as a Navigator in the Royal Canadian Air Force. Following World War II he entered the Faculty of Dentistry, University of Toronto, obtaining his Doctor of Dental Surgery in 1949. He re-entered the Canadian Forces during his final year of studies at the University of Toronto and upon graduation came to duty as a Captain in the Royal Canadian Dental Corps.

BGen Thompson is a certified specialist in Oral and Maxillofacial Surgery, having received his training at Walter Reed Army Medical Centre in Washington, the University of Toronto, and the Toronto General Hospital.

He has served as base dental officer at Petawawa, St. Hubert, and Gagetown; as senior dental officer with 1 Fighter Wing in Marville, France, and as an instructor at the Canadian Forces Dental Service School at CFB Borden. He also served with 25 Canadian Field Dental Unit in Korea.

From 1970-74 he was Commanding Officer of 13 Dental Unit at CFB Trenton. During this period he also served as oral surgeon for Kingston Military Hospital.

General Thompson served on two occasions as a staff officer in the Division of Dental Services at National Defence Headquarters. He was Director of Dental Treatment Services at NDHQ until he became Director General of Dental Services in 1976.

In 1973, General Thompson was appointed an Honorary Dental Surgeon to the Queen and also was inducted as a fellow of the International College of Dentists. In 1979 he was inducted as an Honorary Fellow of the Royal College of Dentists of Canada and also was presented with the Pierre Fouchard Medal by the National Order of Dental Surgeons of France for his contributions to international dentistry.

In June 1981, he was appointed to the Order of Military Merit at the level of Commander. In the same year he was honoured in Rio de Janeiro when he was presented with the Merit Award by the Fédération

Dentaire Internationale (FDI) in recognition of his contributions as Chairman of the Commission of Defence Forces Dental Services of the FDI. After release from the Canadian Forces in 1982, General Thompson served as President of the Canadian Dental Association.

Nomination Honorifique - colonel commandant du SDFC
Brigadier-général (retraité) W.R. Thompson, CMM, CD, QHDS, DDS, FRCD(C),
FICD,

Le poste de colonel commandant est une nomination honorifique de grande valeur qui est accordée à un haut gradé à la retraite dans son domaine de spécialisation. En tant que colonel commandant, le général Thompson sera appelé à renforcer l'esprit de corps du Service dentaire et de conseiller le Chef de l'État-major de la Défense sur les sujets pertinent à cette direction générale.

Le général Thompson a débuté sa carrière militaire en 1943. Au cours de la Deuxième Guerre mondiale, il servit dans l'Armée canadienne en qualité d'aide-dentiste avant de se qualifier en tant que navigateur aérien dans l'Aviation royale du Canada. Après la guerre, il obtint en 1949 son doctorat en chirurgie dentaire de l'Université de Toronto. Il se joignit à nouveau à l'Armée canadienne au cours de sa dernière année d'études et au moment de sa graduation, commença son service comme capitaine du Corps dentaire royal canadien.

Le général Thompson s'est spécialisé dans les domaines de la chirurgie bucco-dentaire et maxillo-faciale après avoir reçu sa formation au Walter Reed Army Medical Centre (Washington), à l'Université de Toronto et au Toronto General Hospital.

Le général Thompson a été affecté successivement comme dentiste militaire à Petawawa, St-Hubert et Gagetown, comme dentiste militaire en chef auprès de la 1^{ère} Escadre d'avions de chasse à Marville (France) et en tant qu'instructeur de l'École du Service dentaire des Forces canadiennes à la BFC Borden.

De 1970 à 1974, il a été commandant de la 13^e Unité dentaire à la BFC Trenton. À la même époque, il a aussi agi à titre de chirurgien-buccal à l'hôpital militaire de Kingston.

Le général Thompson servit à deux reprises au sein de la Division du Service dentaire au Quartier général de la Défense nationale où il occupa le poste de directeur du Service dentaire (soins) avant de devenir, en 1976, directeur général du Service dentaire.

En 1973, le général Thompson a été nommé chirurgien dentiste honoraire de la reine et membre du Collège international des dentistes. En 1979, il a été nommé membre honoraire du Collège royal des dentistes du Canada et s'est vu décerner la médaille Pierre Fouchard par l'Ordre national des chirurgiens dentistes de France pour sa contribution à la dentisterie internationale.

En juin 1981, il reçut le grade de commandeur de l'Ordre du Mérite militaire. Au cours de la même année, la Fédération dentaire internationale (FDI) lui attribua son prix du mérite à Rio de Janeiro,

en reconnaissance de sa contribution à titre de Président de la commission du service dentaire des Forces de défense. Après avoir quitté les Forces canadiennes en 1982, le général Thompson devint le président de l'Association dentaire canadienne.

DGDS ACTIVITIES

These last few months have kept our Director General Dental Services, BGen J.N. Wright on the "fly" attending the various NDHQ/CDA meetings and conferences, official opening ceremonies and CFDS social events. Many of these activities such as the opening of the new lab in Winnipeg, the visit to the DEW, guest of honour for the B Dent O Course/Mess Dinner and RCDC(A) Meeting and mess dinner, and CFDS Bonspiel are highlighted in various sections of this newsletter.

On 1 Feb 85, BGen J.N. Wright and Maj J.A. Sutherland, DDPR-3, had the honour and pleasure to congratulate Lt Al Lundstrom on the occasion of his promotion to that rank and his commissioning into the Dental Associate Officer Classification. For those of you who may not know Lt Lundstrom, Al is a former Adm Clk who was employed in the Dental Services Division as our Chief Clerk.

Pictured below are BGen J.N. Wright and Maj J.A. Sutherland presenting Lt Lundstrom with his new set of epaulettes and dental classification badges. This brief ceremony was followed by "a Beer Call" for all staff members, gratis of Lt Lundstrom. Prior to Lt Lundstrom's departure to attend his CFR Indoctrination Course at CFB Chilliwack in BC, Dr. Protheroe hosted a party at his home in honour of Al and his wife Joan.

DGDS/Unit Commanders Workshop

Under the direction of BGen J.N. Wright the annual DGDS/Unit Commander's Workshop was held on 15-17 Jan 85. Col J.F. Begin, DDTS, acted as Chairman with all Unit COs, Comdt CFDS and Dental Services Division staff officers in attendance. This year's Workshop, as in previous years, proved to be very productive and many items of common interest were discussed. A social evening on 16 Jan was held at the Anchors Restaurant on Dow's Lake and included several retired CFDS members from the local Ottawa area.

Pictured below are those CFDS members who attended this year's Workshop.

LCol/Lcol D Jones, Maj RF Cooper, Maj JW Shore,
Capt RL Fillman

Activités du DGSD

Au cours des derniers mois, réunions et conférences au QGDN et à l'ADC, cérémonies d'inauguration et activités sociales au SDFC ont gardé le Directeur général du Service dentaire, le brigadier-général J.N. Wright, fort occupé. Vous pourrez lire, dans les pages qui suivent, des détails sur bon nombre d'activités, notamment l'inauguration d'un nouveau laboratoire, à Winnipeg, la visite de l'atelier de matériel dentaire, le dîner régimentaire clôturant le cours à l'intention des dentistes-chefs (auquel le DGSD était l'invité d'honneur), la réunion et le dîner régimentaire de l'ACDRC et le tournoi de curling du SDFC.

Le brigadier-général J.N. Wright et le major J.A. Sutherland DSDPB-3 ont pu féliciter, le 1^{er} février dernier, le lieutenant Al Lundstrom à l'occasion de sa promotion à son grade actuel et de son accession à la classification d'Officier d'administration dentaire. Ancien commis d'administration, le lieutenant Lundstrom remplissait, à la Division du Service dentaire, les fonctions de commis-chef.

Sur la photo, le brigadier-général J.N. Wright et le major J.A. Sutherland présentant au lieutenant Lundstrom ses nouvelles pattes d'épaule et insignes de coiffure et de qualification. Après la courte cérémonie, le lieutenant a payé la tournée à ses collègues. Le docteur Protheroe a organisé chez lui une petite fête en l'honneur de Al et de son épouse Joan avant que ce dernier ne nous quitte pour aller suivre, à Chilliwack (C.-B.), le cours à l'intention des officiers sortis du rang.

Le brigadier-général J.N. Wright a dirigé, du 15 au 17 janvier 1985, la réunion annuelle du DGSD et des commandants d'unité. Présidée par le DSD Soins, le colonel Begin, la réunion regroupait tous les c^{mdts} d'unité, le c^{mdt} de l'ÉSDFC et les officiers d'état-major de la Division du Service dentaire. Cette année encore, la réunion s'est avérée des plus productives et les participants ont abordé bon nombre de sujets d'intérêt commun. Le 16 janvier dernier, une soirée était organisée au restaurant Anchor, au lac Dow, et plusieurs membres du SDFC à la retraite dans la région d'Ottawa étaient présents.

NEWS FROM DDTS/DDPR DIRECTORATES

DDTS, Col Begin chaired the CFDS Stores Committee Meeting on 27 & 28 November with LCol Lemieux acting as recording secretary. Since this meeting LCol Lemieux, Maj Shore and CWO Beauchamp have been kept busy finalizing the staff work emanating from this meeting.

On 4 Dec, Col Begin chaired the second annual DOTP Selection Board and then proceeded to Toronto to attend the annual Provincial Secretaries and Registrars Conference. In the interim period, Col Begin has been in the throes of planning for the joint meeting of the Canadian and Ontario Societies of Public Health Dentists, to be held in conjunction with the Canadian Dental Association meeting in Ottawa in Sep 85.

DDTS-3, LCol Lemieux and DDTS 4-2, CWO Beauchamp were off to Chicago on 20-24 Feb 85 to attend the Chicago Mid-Winter Dental Convention. LCol Lemieux liked travelling so much he followed this trip with a visit to Winnipeg or is that "Winterpeg" on 1 & 2 March for demonstrations by the Caulk Company on tooth artistry and on the new generation of restorative materials for both anterior and posterior teeth. LCol Lemieux during late January and early February has been active consolidating material for the CFDS Annual Report.

DDTS-3, Maj Bob Cooper, our numbers cruncher at the Dental Services Division, has been compiling statistics for the CFDS Annual Report; and in addition to this has been busy initiating studies required to determine a requirement for ADP equipment within the Dental Services Division/CFDS.

DDTS 4-2, CWO Cliff Beauchamp and WO Bruce Hannay proceeded to 1 CFSD Dental Equipment Workshop in Toronto on 20-25 January to resolve a series of problems relating to quality control, packaging and the distribution of dental material. WO Hannay has been busy this past quarter reviewing the specifications of items in CFP 203 our Dental Stores Catalogue. This is a long term project which hopefully will be completed in the not too distant future.

DDPR, LCol McQueen visited 15 Dental Unit HQ in December 84 to review proposed plans for a new dental clinic at CFB Valcartier. A decision on funding and final approval is expected by mid 1985.

On 10-12 January 85 BGen Wright and LCol McQueen attended the Conference of Defence Associations Annual Meeting in Ottawa.

LCol McQueen and Maj Cooper attended the National Conference on the decline of Dental Caries in Montreal on 1 & 2 February 85. This

conference was jointly sponsored by the Canadian Dental Association and the Dental Faculty of McGill University.

On the social side LCol McQueen generously hosted the Dental Services Division staff officers to a Grey Cup Party on 18 Nov 84. While DDTS, with assistance from DDPR and the DG, sponsored a gourmet Christmas luncheon for DGDS staff members prior to the Christmas break. Several members from the Dental Services Division attended the Governor General's New Year's Levy at Rideau Hall on 20 Jan 85 and the CFDS Bonspiel in Borden on the 7-8 Feb 85.

Nouvelles du DSD Soins et du DSDPB

Les 27 et 28 novembre 1984, le colonel Begin (DSD Soins) a présidé la réunion du Comité d'évaluation de l'approvisionnement du SDFC à laquelle le lieutenant-colonel Lemieux faisait fonction de secrétaire. Depuis, ce dernier ainsi que le major Shore et l'adjudant-chef Beauchamp consacrent beaucoup d'efforts à la finalisation de tout le travail connexe.

Le colonel Begin a également présidé le deuxième comité de sélection des candidats au PFDM, tenu le 4 décembre. Il s'est ensuite rendu à Toronto où il a assisté à la Conférence des secrétaires des associations dentaires provinciales. Il a aussi commencé à planifier la réunion des sociétés canadienne et ontarienne des dentistes en hygiène publique, laquelle sera tenue conjointement avec la réunion de l'Association dentaire canadienne, à Ottawa, en septembre 1985.

Le lieutenant-colonel Lemieux, DSD Soins 2, et l'adjudant-chef Beauchamp, DSD Soins 4-2, ont participé, à Chicago, au colloque dentaire organisé du 20 au 24 février dernier. Puisque le lieutenant-colonel Lemieux rafolle des voyages, il s'est ensuite envolé vers Winnipeg où il a assisté, les 1^{er} et 2 mars, à des démonstrations données par la compagnie Caulk sur l'art dentaire et sur la nouvelle génération de matériaux de restauration des dents antérieures et postérieures. Durant la fin de janvier et le début de février, le lieutenant-colonel Lemieux s'est surtout attardé à préparer le terrain en vue de la publication du rapport annuel du SDFC.

Notre gobe-chiffres à la Division, le major Bob Cooper (DSD Soins 3), s'est occupé de compiler les statistiques utiles aux fins du rapport annuel. En outre, il a préparé une série d'études qui permettront de déterminer les besoins de la Division du Service dentaire et du SDFC en matériel informatisé.

L'adjudant-chef Cliff Beauchamp (DSD Soins 4-2) et l'adjudant Bruce Hannay se sont rendus, du 20 au 25 janvier dernier, au 1^{er} atelier de matériel dentaire du SDFC afin d'y régler certains problèmes liés au contrôle de la qualité, à l'emballage et à la distribution du matériel dentaire. Ce dernier trimestre, l'adjudant Hannay a consacré une bonne partie de ses efforts à la révision des spécifications des articles répertoriés dans la PFC 203, le Catalogue du matériel dentaire. Il s'agit là d'un projet à long terme dont on espère voir la fin dans un avenir plutôt rapproché.

En décembre 1984, le lieutenant-colonel McQueen (DSDPB) a pris connaissance, dans les locaux du Quartier général de la 15^e Unité dentaire, des plans d'aménagement d'une nouvelle clinique dentaire à la

BFC Valcartier. On prévoit recevoir, d'ici au milieu de 1985, la décision quant au financement et l'approbation finale du projet.

Le brigadier-général Wright et le lieutenant-colonel McQueen ont assisté à la réunion annuelle de l'Association dentaire canadienne organisée, du 10 au 12 janvier dernier, à Ottawa.

Le lieutenant-colonel McQueen et le major Cooper se sont rendus à Montréal, les 1^{er} et 2 février, dans le cadre de la Conférence nationale de l'ADC sur la baisse de la carie dentaire. La Conférence était parrainée par l'Association dentaire canadienne et la Faculté de médecine dentaire de l'Université McGill.

Parmi les activités sociales organisées, mentionnons que le 18 novembre 1984, le lieutenant-colonel McQueen a convié les officiers d'état-major de la Division du Service dentaire à un "party" de la coupe Grey. Aussi, le DSD Soins appuyé du DSDPB et du DG ont préparé, avant les vacances, un déjeuner de Noël tout à fait exquis auquel était invité le personnel de la Direction générale. Par ailleurs, plusieurs membres de la Division du Service dentaire se sont rendus à la résidence du Gouverneur général, le 20 janvier 1985, à l'occasion de la réception du Jour de l'An donnée par Son Excellence. D'autres ont également participé au tournoi de curling du SDFC organisé à Borden les 7 et 8 février dernier.

23rd ANNUAL CFDS BONSPIEL

The Canadian Forces Dental Service School hosted the 23rd Annual Canadian Forces Dental Services Bonspiel from 7-9 Feb 85. (Unofficially it did not end until the wee hours of 10 Feb).

The success of this year's Bonspiel was guaranteed by the large turnout of active and retired members of the CFDS and RCDC, plus civilian friends. In the last few years, participation in this event has exploded and this year's gathering of the clan was no exception. One hundred and eighty four curlers (46 teams the largest ever) competed with 205 attending the presentation dinner on the Saturday night.

The curling began early Thursday evening in order to accommodate the large number of rinks. Later that evening, curlers and spectators enjoyed an informal "Meet & Greet" in the Buell Bldg during which many old acquaintances were renewed, many new ones made, and many posting plots discussed. The Bonspiel continued throughout Friday and concluded late Saturday afternoon at the Circle Pine Rink with finals in the four events.

The festivities concluded with an awards banquet catered in exceptional style by the Homestead Restaurant. Head table guests included BGen J.N. Wright, DGDS; BGen K.M. Baird (ret'd); BGen W.R. Thompson (ret'd); Col J.F. Begin, DDTS; Col J.M. Donely, Comdt CFDSS; Col H.W. Brogan, CO 12 DU; Col M.N. Deyette, CO 13 DU; Col H.S. Wood, CO 14 DU; Col L.A. Richardson (ret'd); Cols P. Cook and W. Brokaw, U.S.A.D.C. of Fort Knox, Kentucky; and Maj C. Hunt (ret'd), President, Royal Canadian Dental Corps Association.

BGen Wright addressed the gathering on a variety of topics including the "State of the CFDS". During the banquet BGen Wright announced the CDS's appointment of BGen W.R. Thompson (ret'd) as the new Colonel Commandant of the CFDS and presented BGen Thompson with his appointment script duly signed by MND and Governor General. BGen Wright concluded by expressing his appreciation to Capt W.B. Fleming and the CFDSS Bonspiel Committee on the outstanding success of the 23rd Spiel.

23^e TOURNOI ANNUEL DE CURLING DU SDFC

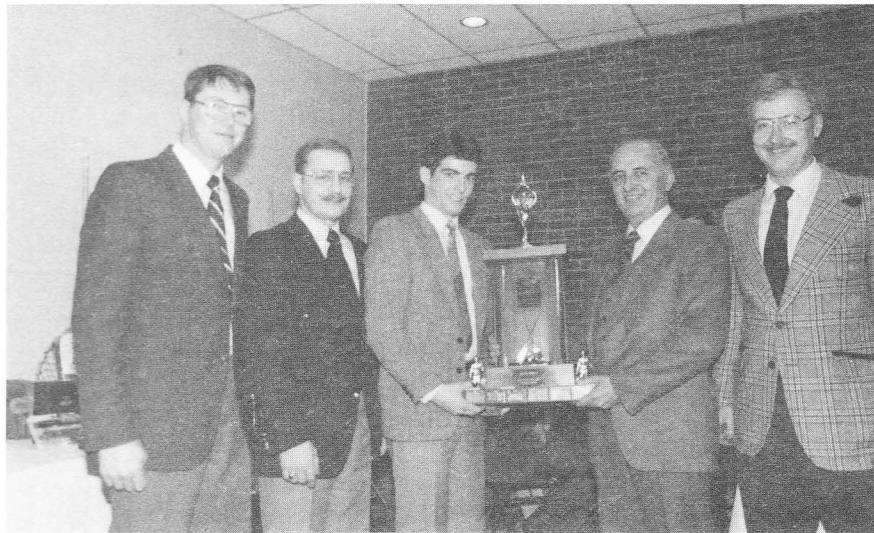

L'École du Service dentaire des Forces canadiennes a organisé le 23^e tournoi annuel de curling du SDFC, qui s'est déroulé du 7 au 9 février dernier (le tournoi s'est officiellement clôturé aux petites heures du matin le 10).

Cette année, le tournoi a connu un succès monstre grâce, en grande partie, à la participation d'un nombre considérable de membres actifs et à la retraite du SDFC et du CDRC, sans compter nos ami(e)s civil(e)s. Depuis les dernières années, le tournoi suscite de plus en plus d'intérêt, et la 23^e rencontre n'a pas fait exception à la règle. Quelque 184 joueurs réunis en 46 équipes (nombre record) se sont affrontés et 205 personnes prenaient place au dîner et à la présentation des trophées, le samedi soir.

La première manche a débuté en soirée le jeudi, suivie d'une rencontre à l'Édifice Buell, où retrouvailles et amitiés nouvelles ont marqué le clou de la journée. Certains joueurs en ont d'ailleurs profité pour dresser des plans de bataille. Le tournoi s'est poursuivi pendant la journée du vendredi et les finales, dans les quatre disciplines, ont été disputées en fin d'après-midi samedi, sur les glaces du Circle Pine.

Le tournoi s'est clôturé de façon extraordinaire par la remise des trophées et un banquet servi par le restaurant Homestead. Figurent parmi les invités de marque les brigadiers-généraux J.N. Wright (DGSD), K.M. Baird (retraité) et W.R. Thompson (retraité), les colonels J.F. Begin (DSD Soins), J.M. Donely (c^{mdt} ÉSDFC), H.W. Brogan (c^{mdt} 12 U dent), M.N. Deyette (c^{mdt} 13 U dent), H.S. Wood (c^{mdt} 14 U dent), L.A. Richardson (retraité), P. Cook et W. Brokaw (du U.S.A.D.C. à Fort Knox, État du Kentucky) et le major C. Hunt (président de l'Association du Corps dentaire royal canadien).

Le brigadier-général Wright a abordé maints sujets pendant le banquet, y compris "la situation au SDFC". Il a par ailleurs profité de l'occasion pour rendre publique la nomination, au poste de colonel commandant du SDFC, du brigadier-général W.R. Thompson (retraité) et pour lui remettre son parchemin dûment signé par le Ministre de la Défense nationale et le Gouverneur général. Le brigadier-général Wright a terminé son allocution en remerciant chaleureusement le capitaine W.B. Fleming et le comité organisateur de l'ÉSDFC pour ce superbe tournoi.

No. 1:

"A" Event Winners: BGen Wright presenting the Wansbrough Trophy to Maj OG Lysechko, MWO B. Rector, Capt ER MacMurdo and Maj R. Johnson of 35 Dental Unit.

n° 1:

Gagnants de l'épreuve "A": Le brigadier-général Wright présente le trophée Wansbrough au major O.G. Lysechko, à l'adjudant-maître B. Rector, au capitaine E.R. MacMurdo, et au major R. Johnson, de la 35^e Unité dentaire.

No. 2

"B" Event Winners: BGen (Ret'd) KM Baird presenting RCDC(A) Officer's Trophy to Dr. B. Harper, Sgt J. Hopkins, WO E. Cudmore, Mr. J. Likens (missing) (Odds & Sods)

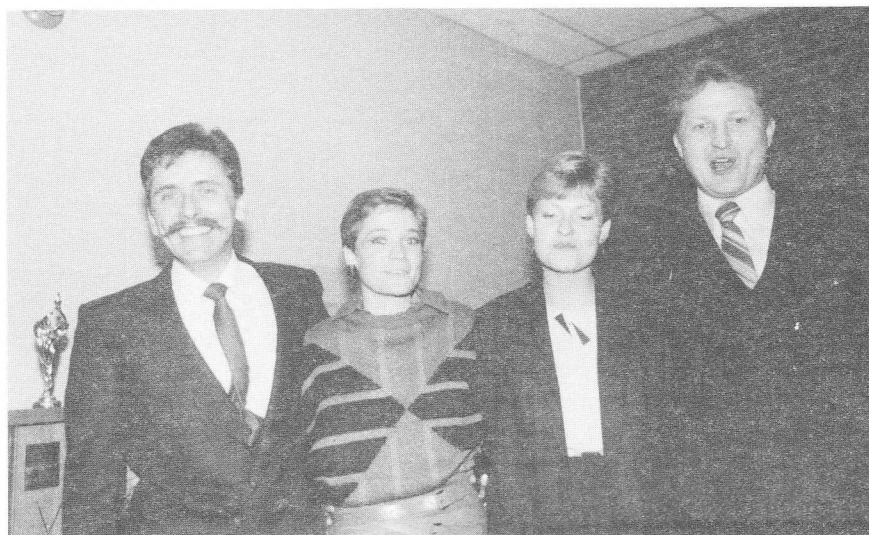

n° 2

Gagnants de l'épreuve "B": Le brigadier-général Baird (retraité) présente le trophée des officiers du "RCDC(A)" au docteur B. Harper, au sergent J. Hopkins et à l'adjudant E. Cudmore. Monsieur M.J. Likens est absent de la photo.

No. 3: "C" Event Winners: CWO R. Gayler presenting the Sgts & Senior NCOs Trophy to: Col H. Brogan, Maj H. Hennessey, CWO R. Matheson, Maj B. MacDonald (12 Dental Unit)

n° 3: Gagnants de l'épreuve "C":
L'adjudant-chef R. Gayler présente le trophée des sergents et des adjudants au colonel H. Brogan, au major H. Hennessey à l'adjudant-chef R. Matheson et au major B. MacDonald, (12^e Unité dentaire).

No. 4: "D" Event Winners: Cpl E. Canuel, Cpl(W) C. Comtois, A/Sgt(W) L. Laliberté, Sgt J. Christenson (1 Dental Unit)

n° 4: Gagnants de l'épreuve "D":
Le caporal E. Canuel, le caporal (F) C. Comtois, le sergent intérimaire (F) L. Laliberté et le sergent J. Christenson, (1^{er} Unité dentaire).

CANADIAN FORCES DENTAL SERVICE SCHOOL

by Capt J.E.P. Lavallée

RCDC(A) Meeting and Mess Dinner

After an absence of several years, the School once again hosted the annual meeting of the RCDC Association on 19 Oct 84. The 18 members in attendance were briefed on the "State of the Union" by BGen Wright, who with the majority of CFDSS officers were guests that evening at a formal mess dinner. Maj (ret'd) Charlie Hunt and his members actually outlasted the younger set during an evening filled with tales (war stories) and other anecdotes. It is felt that these occasions are special and help to maintain the spirit of continuity between the different generations of our "dental family".

B Dent O Course

There were two social functions held during this year's Base Dental Officer Course. The Course and School officers hosted an informal luncheon for RAdm Tom Smith who has lectured for many years to B Dent O courses on "management" techniques and is retiring as Chief of Reserves in 1985. On the last evening of the course, the traditional mess dinner was held in honour of the successful candidates. It also was an ideal setting to formally bid farewell to LCol Keith Morley who recently retired to practice paedodontics in Barrie. BGen Wright's after-dinner comments provided many laughs and chuckles to LCol Keith Morley's surprise and dismay. Others who journeyed to Borden for the occasion included LCol Gray and Bouris, and LCol (ret'd) Marion and McCallum.

Casino Night

Halloween was this year's theme for our annual Casino Night and costumes were the order of dress. Following the gambling and dinner, prizes were awarded for best costumes in two categories. One category included those costumes that epitomized ingenuity and imagination and the second category included those that displayed a great deal of bravery. MCpl Lloyd Payette was judged the best male costume for his "devilish" attire and Mrs. Lois Musselman as the best female costume for her "catty" costume and mannerisms.

Pictured above is MCpl Payette and Mrs. Lois Musselman winners of the best male and female costumes.

Christmas - Sports - News CFDSS

The holiday season and a well-decorated School helped create a festive mood at CFDSS despite above-average seasonal temperatures.

On 13 Dec, a Candlelight Dinner was held at the Sovereign Inn in Greemore. An excellent meal combined with good cheer provided a fun evening despite inclement weather which did not affect the almost 100% attendance of staff members and their spouses.

The annual staff "Christmas Wish" was held in the ORs Coffee Room just before the Christmas break, and it provided an opportunity for all to exchange humorous gifts - all anonymous of course. No, the Commandant did not get a resupply of Graecian Formula!

On 21 Dec, the School held its Children's Party with Mr. George Bradley volunteering as usual to play Santa. Rumours have it that George is using very little additional padding these days. There were gifts, cartoons and party snacks for the small fry.

On the sports scene, LCol Dan Morrow, Maj Ken Musselman and Capt Jim Bonar demonstrated a high level of discipline and endurance in the field of long distance running. On 13th Oct, they participated in the "Skylon International Marathon". Departing Buffalo, New York, at 1000 hrs, they covered the 26.2 mile course to Niagara Falls under sunny skies with the temperature nudging the 10 degree Celcius mark (50° F for you oldtimers). The training period was spread over 12 weeks with an average of 6 training days per week. This schedule included runs ranging from 2 to 26 miles with an average distance of 60 miles per week. The dietary requirements were much less stringent with the idea being to "eat as much as you can".

Mid-January saw our annual Funspiel at the newly renovated Circle Pine Curling Club. Lots of enthusiasm was demonstrated, but it was also obvious that we would not be in contention for the Wansbrough Trophy this year.

1 DENTAL UNIT

by CWO L.R. Barrett, CD

General News

Capt Baluschak and Cpl Lavoie of 1 Dental Unit participated in the production of a security film. Their roles were those of a dental officer and assistant being briefed and debriefed for T.D. to Moscow. Look out Hollywood, two stars are born.

Cpl Capka performed with the Air Command Pipe and Drum Band at the Ottawa Cenotaph on Remembrance Day. He also had the honour of Piping at the O.R.'s Christmas dinner.

Sgt Hawkins received a certificate and pin for her thirty-fifth (35) donation of blood to the Red Cross.

The Unit held a luncheon at Courtyard Restaurant on 19 Dec 84 to celebrate Christmas this year. NDHQ Detachment bid farewell to Cpl's Susan Trepanier and Joan Pilote who are both off to CFDS for hygiene training.

The winter season in Ottawa is always a treat for the outdoor enthusiast. The year is no exception with good cold weather and sunshine for Winter Carnivals, skiing and skating on the canal.

The 1 Dental Unit bonspiel was held 31 Jan 85 at the Rockcliffe curling rink. First place was taken by the rink of LCol Gray, MWO (ret'd) Hohsdorf and WO Forlippa. Close behind was the rink from NDHQ skipped by LCol Currah followed by the rink from Ottawa(S) skipped by Maj Crosthwait. Even the last placed teams received prizes so everyone went away winners.

11 DENTAL UNIT

by Capt C.G. Sproule,

BGen J.N. Wright is photographed with CWO G.G. Albertson and MWO H.K. Gapman following the investiture of the two dental Senior NCOs into the Order of Military Merit. The Governor General presided over the ceremony that was held at Rideau Hall, 21 Nov 84. A post investiture reception hosted by the CDS for recipients and their guests was held at the CFB Ottawa Officers Mess. The members travelled with their wives on temporary duty to Ottawa and were accommodated at the Skyline Hotel.

Unit Ski Adventure

Capt J.E. Richardson of the Comox Det proved to be a superb organizer of a unit ski adventure to Mount Washington that was attended by military personnel and dependants from Esquimalt, Comox and

Chilliwack. Mount Washington is a relatively new ski resort situated west of Courtenay in the Vancouver Island Range and approximately 25 miles from CFB Comox. It's a first-rate facility with five alpine lifts and extensive cross country trails. The lodge is well situated, efficient and offers a splendid view of the surrounding country.

Personnel were accommodated in military quarters at CFB Comox where most arrived on Wednesday evening. All skiers met at the dental clinic at 0700 hrs Thursday morning for a final briefing before proceeding to the ski area. We left in a fairly heavy rain but azure skies and brilliant sunshine greeted us just before reaching the lodge. The fine weather remained for both days except for some snow and low cloud on Friday morning.

A dinner was held at the CFB Comox Golf Club on Thursday evening. It was a very pleasant get-together.

Maj T. Strilesky and Maj M. Pilon caught the Majors ski disease referred to as the "sprained thumb syndrome". LCol E. Graham, reset Maj Pilon's thumb on the hill and insists on claiming this procedure on his treatment return. Pte B. Charbonneau wrenched her ankle. And, then there were those who found the first day too exhausting and didn't make it for Friday.

As a bonus we were treated to a magnificent view of two CF 18's circling the ski area and then slicing down low through the hills to disappear in the clouds on their return to CFB Comox. What a beautiful aircraft!

The two days "on the hill" provided a marvelous break from our normal routine andd provided for some splendid camaraderie.

Tempoary Duty - HMCS PROVIDER

Capt G. Austin and Sgt H. McRae joined HMCS Provider for deployment to San Diego, California 7-25 Jan 85. The destroyer HMCS Kootenay accompanied the supply ship for this exercise.

The primary duty of the dental team was to provide dental care to the ship's company on the Provider, however, dental emergencies from the Kootenay were also cared for while alongside in San Diego.

The dental team participated in the ship's drills and training exercises as part of the normal routine. Much of the off duty time while on board was spent learning about the ship, its day to day routines and adapting to shipboard lifestyle. In summary our new sailors found the introduction to the sea environment a pleasant experience.

Physical Fitness Awards

Two members from 11 Dental Unit were presented with the Blue & Silver Seal Physical Fitness award for Aerobic Excellence by LCol E.W. Graham. Maj Leblanc received his Blue Seal and Capt Hui the Silver Seal.

12 DENTAL UNIT

by Capt R.D. Adair, CD

A Christmas party was held 23 Dec 84 in the Wheelhouse Lounge in Windsor Park for children of Unit H0, Halifax, and Shearwater Clinics. Santa Claus (Capt Adair) and his elves (Cpl(W) Lee and Cpl Burke) were in attendance and gave out presents to the children.

Santa Claus and Elf reading the children's names.

12 Dental Unit 12th Annual Bonspiel

24-25 Jan saw the Annual 12 Dental Unit Bonspiel hosted again by the Cornwallis Detachment. This year's bonspiel was dedicated to the 75th anniversary of the RCN. A total of 69 Unit members participated, with representation from every Detachment except, understandably, the isolated Goose Bay Detachment and our two seaborne Detachments who were in southern waters. At approximately 1530 hrs on the first day Col Brogan welcomed participants, thanked the Cornwallis Detachment hosts for all of their efforts, then gave his "State of the Unit/CFDS Briefing" and made four promotion announcements. (see photo). The evening followed with a very successful meet and greet at which the usual number of world/CF/CFDS Unit problems were theoretically solved.

Cornwallis BComd Capt(N) Reilley throws the first rock to open the 12th Annual 12 Dental Unit Bonspiel. Polishing up the ice are Col Brogan and LCol Taylor.

Col Brogan flanked by newly promoted members;
L to R: Cpl Perry (26 Jan); WO Rocco (2 Jan); MWO Bowser (2 Jan)
Maj Gravitis (2 Jan)

Cpl Giroux from 15 Dent Det Valcartier, departed the Gagetown Clinic Tues, 11 Dec, with the (old) dental van and trailer mounted generator which is being loaned to Valcartier for a series of local blitzes and subsequent participation in Exercise RV 85. Being of little faith, the Clinic sold tickets on a "breakdown location pool" and the lucky winner was the new Lab Tech, Cpl Kazandjian, who had drawn the "Valcartier location". Hats off to the Gagetown mechanics!

Gagetown Detachment kicked off a pilot project in January which computerized their new DCP. CFB Gagetown provided the programmer expert who worked with the Detachment OPI Capt Cuff. MARCOMHQ provided 45 PERSONDAYS for the programmer and 25 PERSONDAYS for a typist to input the information. Great gobs of statistical detail can now be called up at a touch of the terminal button(s) right in the clinic orderly room.

The November closing ceremonies for 416 Squadron at CFB Chatham resulted in an improved view for the Detachment: a Voo Doo has been mounted on a pedestal right outside the clinic.

My spies tell me Stadacona Clinic members are having difficulty separating the wheat from the chaff on tales that are being swapped between MWO Spates and WO Bowering about the great outdoors. All sounds plausible to me, but I will let the readers decide: MWO Spates apparently caught a 100 kg trout on a line hand woven from a spider web and some are of the opinion that this tops WO Bowering's shooting of a 2000 kg moose at a distance of 3 km. The shooting of the moose was further complicated by the fact that he had to include a load of salt in his cartridge to ensure that the meat wouldn't spoil before he dressed it down and got it out to the freezer. What do you think?

13 DENTAL UNIT

by Capt P. Bosch, CD, BA

General News

A briefing on the implementation of the CF Dental Care Program was presented by Col Begin, Maj Cooper and Dr. Konopasky at CFB Trenton 4-5 Oct 84. The CO, AdmO, all Det Comds, DCCs and Sr Hygienists of 13 Dental Unit attended.

Col Deyette attended the CFTS Annual Planning Meeting held at CFTSHQ Trenton 16-18 Oct 84.

Col Deyette and Maj Fallon joined members of the RCDC Association at a Mess Dinner at CFB Borden's Officers Mess 19 Oct 84.

Col Deyette travelled to CFDSS Borden 16 Oct 84 to provide a lecture/presentation for candidates on the B Dent O's course.

The HQ staff attended the Annual CFTSHQ Christmas Party at the Astra Lounge CFB Trenton on the afternoon of 6 Dec 84. BGen Bourgeois, Comd CFTS, was responsible for carving the turkey while Col Deyette and the other Deputy Chief of Staffs provided their expertise as wine stewards and food servers.

Col Deyette travelled to NDHQ Ottawa to attend the DGDS/Unit Commander's Workshop 15-18 Jan 85.

Petawawa Detachment by Capt Gillis

Extensive participation in autumn exercises was completed. The DO/DA teams included:

EXERCISE SPARTAN GUN IV
2 RCHA 1-17 OCT 84 CFB GAGETOWN

Capt Hunter
Pte McGee

EXERCISE NOTTAWASAGE RATTLER
8 CH 9-21 OCT 84 MEAFORD, ONTARIO

Capt Faith
Cpl Weir
Pte Bambrick

8 CH 22-26 OCT 84 MEAFORD, ONTARIO

LCol Bouris
MWO Armstrong
Cpl Hudson

The Petawawa detachment dental curling team began the curling season in pursuit of the inter-unit championship for the third straight year.

Capt Gillis was elected president of the CFB Petawawa Golf Club for 1985.

Col Deyette, Capt Bosch and WO Gratton visited the clinic 5-6 Nov 84. All clinic personnel had interviews with Col Deyette and later a clinic meeting was held to discuss the Dental Care Program and other CFDS policy items.

In response to the DCP, the Petawawa Detachment has formulated a new computer program which includes the periodontal codes and recall patients.

Congratulations to Capt Demers who has been accepted for specialist training in oral surgery at McGill University.

Dental emergency drills were conducted in the clinic under the supervision of LCol Bouris on 15 Nov 84. Medical support added realism. Later a clinic meeting discussed the handling of each case.

Officers and Sr NCOs fired the SMG during annual weapons familiarization 29-30 Nov 84.

The Renfrew County Dental Society hosted a seminar. LCol Morrow gave a presentation entitled "Periodontics for the 1980's". Forty-five dental personnel attended including all CFB Petawawa DOs and Hygsts.

The detachment Christmas party was held 8 Dec 84 at the Jubilee (Yacht) Club. Good food and dancing provided the entertainment.

A Junior Ranks' Christmas Dinner was held 12 Dec 84 with Officers and Sr NCOs serving. An "At Home" was held following the Mess Dinner at the Officers Mess for the Sr NCOs.

A clinic Christmas Party concluded the Christmas festivities 14 Dec 84 prior to the Christmas block leave period. LCol Bouris had a fire extinguisher nearby as he prepared some gourmet crepes.

The Petawawa Oldtimers hockey team has acquired talent in the forms of Sgt Spencer and MWO Armstrong. Sgt Spencer provides star quality scoring on the forward line while MWO Armstrong is a stalwart on the blue line.

Kingston Detachment by Capt Bankey

Maj McNeill, Capt Proud and Capt Bankey attended Kingston District Dental Society Meetings held in the fall. They received a warm welcome from the Society and were greeted by many ex-service members.

The Petawawa detachment dental curling team began the curling season in pursuit of the inter-unit championship for the third straight year.

Capt Gillis was elected president of the CFB Petawawa Golf Club for 1985.

Col Deyette, Capt Bosch and WO Gratton visited the clinic 5-6 Nov 84. All clinic personnel had interviews with Col Deyette and later a clinic meeting was held to discuss the Dental Care Program and other CFDS policy items.

The Petawawa Oldtimers hockey team has acquired talent in the forms of Sgt Spencer and MWO Armstrong. Sgt Spencer provides star quality scoring on the forward line while MWO Armstrong is a stalwart on the blue line.

Kingston Detachment by Capt Bankey

Maj McNeill, Capt Proud and Capt Bankey attended Kingston District Dental Society Meetings held in the fall. They received a warm welcome from the Society and were greeted by many ex-service members.

Maj and Mrs. McNeill hosted a fondue party on a snowy 5 Dec evening for the detachment staff and their spouses/friends. Excellent food and refreshments were graciously served. The only item lacking was the promised venison that Maj McNeill had so dutifully attempted to hunt in his off-duty hours during the season. Fortunately, WO Fletcher came through to provide a tasty treat of moose meat.

The annual clinic Christmas luncheon was held at the Holiday Inn on 13 Dec 84. The clinic staff extended a warm farewell and best of luck to Cpl Bernier, Pte Sparkes and Pte Brewer as they embarked on their respective courses at CFDSS.

WO Fletcher and her spouse managed to "stow away" on a service flight to Germany to spend an enjoyable Christmas with friends and families.

Toronto Detachment by Sgt McDonald

The Royal Yacht Britannia docked in the Toronto Harbour from 21 Sep - 6 Oct 84, during the Queen's visit to Toronto. Cpl Pacquin was invited on a VIP tour of the ship as a "special Thank You" from the crew, for the dental treatment received by members of the ship's company.

Maj Fallon joined the Toronto MIR and CFRC members for a visit to HMCS Huron docked in St Catherines on 26 Sep 84. A ship's tour and golf tournament highlighted this enjoyable day.

While in Downsview on 30 Nov 84 to visit 1 Canadian Forces Supply Depot, BGen J.N. Wright, also visited the Toronto Dental Detachment. Maj Fallon and Capt Ferguson joined the Depot Staff to host the DGDS at a luncheon the same day.

The detachment was visited by CWO Abfalter, DPCOR/DP on 12 Dec 84. Col Deyette, Capt Bosch and WO Gratton made a staff visit to the detachment 24-26 Oct 84.

Staff members visited places from Halifax to Winnipeg and many points between during the Christmas season. With so many parties occurring in December it was decided to hold the clinic Christmas party on January 22 at which time the staff made an informative and educational tour of the Toronto Stock Exchange followed by a pleasant meal at one of Toronto's more unique restaurants.

North Bay Detachment by Sgt Corriveau

The dental staff were involved in a number of "disaster" and "emergency defence plan" exercises during the months of November,

December and January. Personnel were required to perform a wide variety of assignments in preparation for an Op Eval scheduled for February 1985.

This detachment is once again assisting Canadore College in training six of their dental assistant students on a one day per week basis. While employed at this detachment, students are put through as many phases of dental assisting as possible.

The dental and medical staff held their annual Christmas party 15 Dec 84. This provided the opportunity for personnel to exchange gifts and wish each other Merry Christmas and Happy New Year. The highlight of the party was when Santa Claus dropped in unexpectedly bearing gifts of cheer and happiness to all members.

Trenton Detachment by MWO Delmage

On 19 Oct 84, the HQ and Clinic Staff attended a luncheon at Alexander's Restaurant to enjoy good food and pleasant company.

A successful clinic bowling afternoon was held, 16 Nov 84.

The annual detachment Christmas Party was held, 6 Dec 84, at the Ramada Inn in Belleville.

A cross-country ski outing was held at Batawa on 18 Jan 85. After filling up with hot dogs and cocoa, 17 hardy souls "hit the trail". The weather was pleasant, snow conditions excellent and the route flat and scenic. At day's end, one unnamed soul conceded that it really wasn't such a bad way to spend a "supervised" sports afternoon.

London Detachment by Cpl Horodecky

A retirement dinner was held at the CFB London Officers Mess on 19 Jan for Maj Sasse who retired after 26 years of military service. Maj Sasse will reside in the London area.

Sgt Lindsay proceeded on TD to Cyprus to provide Scuba Diving lessons for 1 RCR members and also lab services for the dental detachment during the periods 26 Nov - 14 Dec 84 and 27 Jan - 20 Feb 85.

This detachment, along with Miss Florence Evans, attended the annual base Christmas dinner at which time Col Quinn, the RComd presented Miss Evans with a retirement certificate acknowledging 34 years of loyal service as a dental assistant. The certificate was signed by the then Prime Minister, John Turner.

14 DENTAL UNIT

by Capt D.T. Langford, CD

DGDS Visits 14 Dental Unit

BGen Wright visited the Unit on 13-14 Nov 84 and was the Guest of Honour at the 14 Dental Unit Mess Dinner and also officiated at the Official Opening of the 14 Dental Unit Central Laboratory.

Mess Dinner

An official 14 Dental Unit Mess Dinner was held on 13 Nov 84 in the Air Command Reserve Officers' Mess and was attended by approximately 60 CFDS and former RCDC members. BGen Wright, DGDS, was the Guest of Honour, and arrived in time for coffee, liqueurs, and to also address the members attending. The theme of his talk was "The Dental Family" and was well received by all attendees. Col H.S. Wood, CO 14 Dental Unit, took this opportunity to present the DGDS with the Official RCAF Commorative Stamp and also an album of music by the Air Command Band. Col S.E. McGowan, Base Commander CFB Winnipeg, also attended as a special guest of 14 Dental Unit.

14 Dental Unit Central Dental Laboratory

Wednesday, 14 Nov 84 was an important day for 14 Dental Unit and CFB Winnipeg. BGen J.N. Wright, DGDS for the Canadian Forces, assisted by the Base Commander CFB Winnipeg, Col S.E. McGowan, and the Commanding Officer 14 Dental Unit, Col H.S. Wood, officially opened the new Central Dental Laboratory by performing a ribbon-cutting ceremony.

Construction for the Laboratory began in Apr 84 and was completed by the August target date. The prime mover of this project was CWO R.E. Todd and the end result is directly attributed to his imaginative design and tremendous dedication, which ensured that all facets of design, construction and equipment acquisition were smoothly carried out.

The new Laboratory will comfortably accommodate 12 technicians and includes the following features:

- a. plaster island and reception area;
- b. metal casting, trimming and polishing area;
- c. work stations and processing benches; and
- d. porcelain laboratory.

BGen Wright is shown cutting the traditional ribbon at the official opening of the 14 Dental Unit Central Dental Laboratory. In attendance (From L to R) are Col Wood, LCol Budzinski, Col (Ret'd) Richardson, CWO Todd, LCol Chandler, BADMO CFB Winnipeg and Col McGowan, Base Commander CFB Winnipeg.

Metal Casting, Trimming and Polishing Area

DGDS Presents CO 14 Dent Unit with his 2nd Clasp to CD

While at 14 Dent Unit, BGen Wright had the opportunity, honour and pleasure to present Col H.S. Wood, CO 14 Dent Unit, with his 2nd Clasp to his CD. (See photo)

15 DENTAL UNIT

par le Capitaine J.L. Pouliot, C

OPERATIONS AND PLANS by Maj L.W. Bailey, CD

Months of CFDS staff activity in both NDHQ and FMC HQ to create regular force field dental company cadres and to reactivate our dormant Dental Militia were rewarded in October 1984 by two positive FMC HQ decisions.

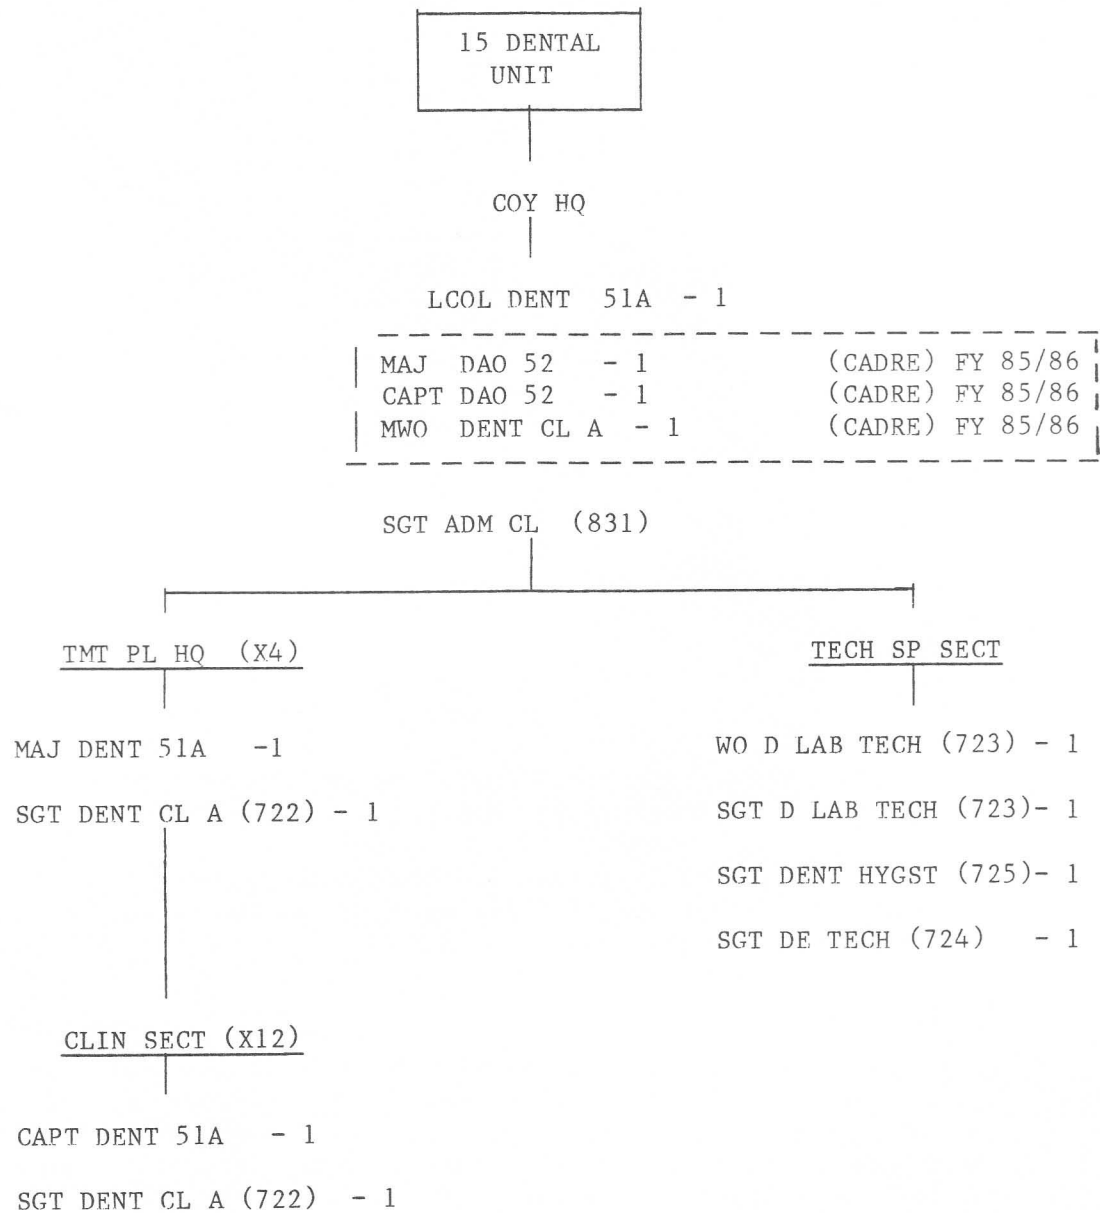

Field Dental Company Cadre

The first allocated three FMC FY 85/86 DSR II credits to the CFDS to establish one field dental company cadre and promised an additional two positions from FY 86/87 credits to augment the cadre. Although insufficient positions were given to allow for the birth of an independent field dental company, the allocation of the positions allows the CFDS to create the cadre as part of Headquarters 15 Dental Unit until sufficient manpower is available to justify the creation of an independent unit. It is anticipated that the first three cadre positions will be manned during 1985. The organizational chart on page 35 shows the cadre structure:

Dental Militia

The second FMC HQ decision supported the revitalization of our dormant Dental Militia and allows the CFDS to proceed with the formation of a militia dental platoon in each of Prairie, Central, Eastern and Atlantic Militia Areas. The platoon organization for each area can be found on page 36.

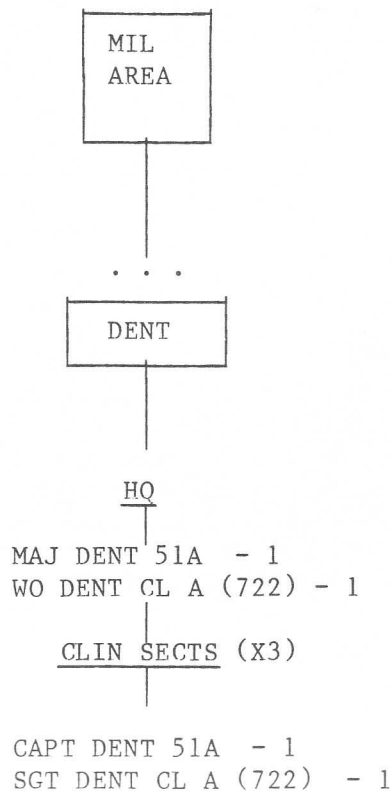

REGULAR FORCE FIELD DENTAL COMPANY

NOTES:

1. ALL CADRE POSNS ARE ESTB AS PART OF HQ 15 DENT UNIT.
2. AUGMENTEE POSNS ARE MANNED BY 11, 12,13, 14 AND 15 DENT UNITS.

DENTAL MILITIA

NOTE: ALL EIGHT POSITIONS IN EACH OF FOUR MIL AREAS ARE
WITHIN THE MILITIA AUTHORIZED PAID CEILING.

Establishment change proposals are now being prepared to create the four platoons. Once approved, recruiting of personnel to fill the militia vacancies will get underway.

RV 85

Planning for Exercise RV 85 continues on schedule. It has, however, been confirmed that our new dental vehicles will not be available for the exercise. Thanks to the efforts of DDPR-4 and the Commandant CFDSS to reschedule courses, sufficient mobile dental clinics (2½ Ton SMP - "ancient" variety) are available to allow full Dental participation in RV 85. Hopefully our new vans will be available before the next major FMC exercise in 1986. IN PACE PARATUS.

Victoire à St-Jean

Les détachements dentaires de la région de Montréal, appuyés par le OG de l'Unité, ont finalement réussi à vaincre le détachement dentaire de St-Jean lors d'une rencontre sportive. En effet, le 23 novembre 1984, les joueurs de ballon-volant de la région de Montréal ont littéralement "défoncé" l'équipe de St-Jean et la seule équipe invaincue au badminton fut celle composée du Commandant et de l'officier d'administration de l'Unité. Le trophée tant convoité est maintenant à Saint-Hubert pour y demeurer (-- la région de Montréal a décidé de ne plus participer à d'autres rencontres sportives!). Le tout fut couronné par un buffet froid et des rafraîchissements.

Soirée de Noël de l'Unité

La soirée de Noël de la 15e Unité dentaire a eu lieu cette année à l'intérieur des murs historiques de la Citadelle à Québec. Plus de 90 personnes, en provenance de tous les détachements dentaires de l'Unité, se sont réunis le 14 décembre 1984 pour célébrer la fin de l'année et se souhaiter beaucoup de bonnes choses pour l'année suivante. L'excellente nourriture, le bon vin, la musique et même des pièces satiriques ont contribué à faire de cet événement un souvenir impérissable.

Dîner de la troupe - BFC Montréal

Lors du dîner de la troupe tenu au Mess de Caporaux et Soldats de la Garrison Maisonneuve, le Col V.J. Lanctis a changé de veston avec le Cpl Lessard et a su démontrer ses talents de serveur. Tous les participants se sont bien amusés et ont apprécié la bonne nourriture et l'excellent service aux tables.

Tournoi annuel de curling de l'Unité

Le tournoi annuel de curling de l'Unité a eu lieu à la Garrison de Longue Pointe - BFC Montréal le 25 janvier 1985. Malgré la détermination et les efforts de Valcartier pour conserver le trophée si chèrement acquis l'an passé, l'équipe de Saint-Hubert formée du Col Lanctis, Capts Ammann et Pouliot et de l'Adj Lemieux leur a ravi le trophée tant convoité. De mauvaises langues ont imputé cette victoire à la chance, mais puisque ces rumeurs proviennent de Valcartier... La journée fut couronnée de succès et s'est terminée par le traditionnel souper au Tiki Doré.

Sports d'hiver

Le personnel de la 15e Unité dentaire ne craint pas le froid et profite au maximum des joies de l'hiver. C'est ainsi que le 18 janvier 1985, le personnel dentaire de la région de Montréal et de St-Jean a profité d'un splendide après-midi pour faire du ski de fond au Mont St-Bruno. Lors de la randonnée, plusieurs se sont découvert des muscles endormis.

Le détachement dentaire de Valcartier a pour sa part profité d'une journée de sport au Centre Castor de la BFC Valcartier le 29 janvier 1985. Le ski alpin, le ski de fond et de se rencontrer dans un esprit de camaraderie et d'amitié.

Promotions

Le mois de janvier 1985 a apporté beaucoup de joie à deux des membres de l'Unité. Le Col Lanctis a eu le plaisir de présenter aux nouveaux majors Banville-Suetsugu et Cormier leur grade de major.

Tournoi annuel de curling du SDFC

Un fort contingent de la 15e Unité dentaire (31 membres) a participé au tournoi annuel de curling du SDFC tenu à la BFC Borden du 7 au 9 février 1985. Beaucoup d'efforts ont été déployés par tous les participants avec l'espoir de remporter une finale, mais malheureusement ils ont dû se contenter des cadeaux attribués aux gagnants de secondes places. Le plaisir de rencontrer nos confrères nous a tôt fait oublier les défaites. Les trophées seront réservés pour le prochain tournoi!

35 DENTAL UNIT

by WO I. Linton, CD

General

A busy September has come and gone and opened the door to an equally busy October and November.

It all started with the Staff Assistance Visit 1-5 Oct 84, which was conducted by Maj Shore, DDTS-4, and Major Sutherland, DDPR-3 from the Dental Services Division. Unfortunately, the weather was not too cooperative during this time; however, the AO of 35 Dent Unit was able to show the team some of the Black Forest area. The weather was much more favourable when the AO accompanied Maj Sutherland on a bus trip to South Tirol, Northern Italy. Most of the time was spent under blue skies with beautiful panoramic views, and the wines of that area were savoured with special delights.

CO 35 Dent Unit travelled to Canada 17-26 Oct 84 for a dual purpose. He attended the Annual Scientific Meeting of the Association of Prosthodontists of Canada in Toronto 18-20 Oct, and lectured to the Base Dental Officers' Course at CFDSS on 22 Oct.

The AO and DET of 35 Dental Unit attended a dental equipment and supply display in Stuttgart, FRG 19-20 Oct 84, and took the opportunity to converse with representatives from Kavo, Siemens, Philips, as well as other small companies.

The US Army Dental Corp Continuing Education Conference in Garmisch, FRG from 10 to 13 Oct 84 was again well represented by dental officers from 35 Dental Unit. From the Lahr Detachment, Maj Bullock and Cpts Pielak and MacMurdo attended, from Baden, Maj Lysechko and Capt Hart, and Major Johnson from Geilenkirchen.

In November the CO and AO of 35 Dental Unit carried out annual detachment inspections. Geilenkirchen was visited first on 7 and 8 Nov; during that time, the CO and AO had the opportunity to visit the AWAC flight simulator and also participate in its operation. It is indeed a strange feeling, knowing that you are basically in a box inside a building, and yet see the surrounding countryside, as you would from an aircraft, plus feel the motion associated with a take off and landing.

The SHAPE Detachment was visited 8-9 Nov, Lahr on 14 Nov, and Baden on 15 Nov.

As soon as the annual inspections were over, the AO accompanied Maj Reid, from the SHAPE Detachment, to CDLS London for a two-week dental treatment visit 19-30 Nov 84. London is a busy and fascinating city and anyone with a fancy for history would certainly enjoy it there. The transportation system is one of the best and also quite cheap; that, however is about the only think that is cheap. Theatre buffs, as is Major Reid, can enjoy a different show every night, with weekends limited only to the number of hours available. One of the favourite weekend passtimes of the British is royalty watching, and as a visitor there, one is naturally drawn to it as well. Not always do you meet with success though, and after 20 minutes of watching Buckingham palace, without even so much as a movement from the curtains, the AO gave up and sheepishly moved on to greener pastures.

The CO was in London as well, 26-30 Nov, for a liaison visit to CDLS(L).

CWO Abfalter, DPCOR/DP, visited CFE 23-30 Nov 84 and held interviews with all other ranks.

December was relatively quiet and the only duty travel was done by MWO Rector, Clinic Coordinator Lahr, and Sgt Girard, Hygienist Baden. They were part of a German/Canadian WO's and Sgt's Seminar in Lahnstein, FRG, 10-14 Dec 84. MWO Rector's article of this seminar is outlined on page 41.

The annual 35 Dental Unit Christmas Party was held 7 Dec 84 at the restaurant in the Stadthalle in Lahr. Dr. Kelly and his staff, from the Lahr Dependent's Dental Clinic, organized the affair, which was well attended with representatives from all detachments.

The New Year started out cold and snowy; as a matter of fact, it was the coldest it has been in more than 40 years. It almost felt like Canada.

CO travelled to Ottawa 12 to 18 January 1985 to attend the DGDS/Unit COs Workshop and found it almost Spring-like after the Siberian winter that we were experiencing.

A Continuing Education team consisting of Drs. Bannerman, Larder & Foshay, from Dalhousie University, arrived 28 Jan 85 and presented lectures on "Foundation of Good Restorative Dentistry" 31 Jan and 1 Feb 85. All Military dental officers of 35 Dental Unit, with the exception of Maj Johnson from Geilenkirchen, attended the lectures. Other invited guests were the dentists from the Dependent's Dental Clinics in Lahr and Baden and the USAFE sent nine dentists to participate from the Air Bases of Rhein-Main, Bitburg, Ramstein and Zweibrucken. It was an excellent program with a special "thank you" going out to Col Brogan, 12 Dent Unit for his most generous assistance in helping us arrange this function.

GERMAN/CANADIAN WO'S & SGT'S SEMINAR
INNERE FUHRUNG - BY MWO B.C. RECTOR

The Zentrum Innere Führung is the leadership and civic educational training centre for officers and NCOs of the Bundeswehr. Like our own CF leadership academies, the Zentrum Innere Führung conducts courses and provides training aides in regard to leadership, political and historical education, training methods and military discipline.

It also conducts partnership seminars between the warrant officers and sergeants of the Bundeswehr and those of allied armed forces to promote human relations and exchange information so that the alliance may be further strengthened.

Twelve warrant officers and sergeants of CFE and an equivalent number of their German counterparts were selected to participate in one such seminar held from 10 to 14 December in the centre of Lahnstein which is situated south of Koblenz at the junction of the Rhein and Lahn rivers.

Throughout that week, group participants discussed such topics as principles and aims of leadership, security politics in the alliance, the forces in today's society and women in the services. These agenda items generated lengthy and interesting discussions and enabled participants to gain an appreciation of the thoughts of their counterparts.

Rest assured, the group did not spend all of its time in the classroom. A three-hour wine tasting session was enjoyed and sightseeing trips were made to a local castle, "Festung Ehrenbreitstein".

This seminar permitted soldiers of two nations to meet and freely exchange ideas and socialize with each other thereby establishing closer contacts and further strengthen the NATO alliance.

THE DEW

by WO W.A. Quine

Although in existence since the 29th of February 1981, the Dental Equipment Workshop (DEW) located at 1 Canadian Forces Supply Depot (1 CFSD), CFB Toronto is virtually an unknown entity in the CFDS.

"Don't you handle our supplies?", "You sent us the wrong stuff!", and "Just what do you people do there anyway?" are the most common telephone and chit chat themes whenever we talk to anyone from the "outside". No one quite seems to know what we do or how we do it. So, it was decided that a brief resume of what we do and how we do it was in order.

1 Dental Equipment Depot (1 DED) located in Petawawa was disbanded in Feb 84 and all dental supplies and equipment moved to 1 CFSD Toronto to become part of the CFSS. At this time Sgt Jim Cornett and Cpl Sandy Muir designed and created a workshop in the middle of bldg. 151 - an 18 acre building. This required extensive electrical, plumbing and structural renovations over a period of 6 months (Sep 80 - Feb 81). Finally in March 1981, the DEW began functioning as a 3rd line dental repair facility. To anyone who may be unfamiliar with the term, a 3rd line repair facility is a workshop where the items of dental equipment are completely rebuilt and refinished, or if rebuilding proves too costly, stripped of usable parts which are stored for future use to fill the requirements of unit Dental Equipment Technicians. Obsolete items and those deemed "beyond economical repair" are scrapped. The DE has the facilities, manpower, proximity to supplies and manufacturers and most vital, the time and financial means to completely refurbish equipment that would prove too costly in time and money terms for unit repair shops.

The DEW is not part of any dental unit. We belong to 1 CFSD and are a branch of Technical Services for the Depot. We also are responsible to DGDS for technical and professional tasking and direction. Lastly, we are responsible to 13 Dental Unit HQ for 2nd line repair commitments to CFBs Toronto and London.

Our tasking is the same from everyone: "Repair Equipment - Fast!" We're not doing too bad. The statistics say the guys in the shop have been working. From 9 Jan 81 until 7 Feb 85 - 1182 work orders were opened and 1108 were completed, leaving 74 outstanding to date. We have a \$50,000 (flexible) budget and can often pick up parts the same day so our backlog dwindles rapidly which keeps one and all happy.

The DEW's staff has grown in the last four years from the original two techs to 3 plus 1 Supply Tech as of July 1984. At present our staff consists of WO Bill Quine, Cpl Gil Weiers, Cpl Bill Bodfield and Cpl Keith Cummings (Sup Tech).

Past personnel have included:

WO Jim Cornett (724)	1980-1984	
Cpl Sandy Muir (724)	1980-1982	
Cpl Cathy Corney (724)	1982-1984	
Cpl Judy King (911)	1982-1983	
Cpl Zora Dyck (911)	1983	(6 months)
Cpl Mary Lawrence (911)	1983	(6 months)
Cpl Linda Hyde (911)	1984	(6 months)
Pte Tom Blyth (911)	1984	(6 months)

These people have contributed to the task of making the DEW an efficient and productive shop and an integral part of the CFDS.

In closing I would like to dispel the popular myth that whenever a dental supply problem arises the DEW is involved either as the perpetrator or as the problem solving agency. We become involved only when requested by sections such as Technical Services or Quality Control when they have received a message from NDHQ outlining a problem. The workshop is completely divorced from supply and their procedures at all other times.

The DEW provides a valuable service for every dental unit in Canada and as time progresses our services will expand to include more spare parts variety for unit Dental Equipment Technicians, loaner items, training seminars and comprehensive test facilities for new and rebuilt equipment. The possibilities seem endless.

DGDS VISITS - 1 CFSD/DEW

BGen J.N. Wright visited 1 CFSD on 30 Nov 84, to view the warehouse, see first hand the area where dental materials are located and inspect the DEW. After a tour of the 18 acre depot BGen Wright visited the DEW to spend some time talking with the staff and inspect the shop. The DG's only comment was the shop was awfully clean - did any work ever get done?

After the tour, an informal luncheon was held for BGen Wright, DEW staff members, personnel of 1 CFSD, including 1 CFSD's Commanding Officer Col W.A. Freeman, the MCO, LCol S.G. Richardson, the MPO, Maj Tessier, the TSO, Mr. D. Cossaboom, the Base Dental Officer, Maj Fallon, and Capt Ferguson a Dental Officer at CFB Toronto.

Pictured above is BGen Wright and Cpl Bodfield discussing dental equipment during DGDS's visit to the DEW/1 CFSD on 30 Nov 84.
