## NOUVELLE-ECLAIR

---

On the occasion of the NDMC Silver Jubilee Year 1986, a ceremony dedicating a special area and plaque to Colonel J.A. Armstrong, C.M.G., C.B.E., C.A.D.C. was held on 16 December 1986. A former Director of Dental Services from 1915-1919, the plaque commemorates Col Armstrong's wartime service and career. A short resumé follows.

### **Colonel John Alexander Armstrong**

Born: South March, Ontario — 26 November 1862

Service: Canadian Army Dental Corps

Died: Ottawa, Ontario — 2 November 1928

Colonel Armstrong graduated in dentistry from the University of Toronto in 1888. He was a member of the reserve forces for 26 years and prior to WW I a member of the Governor General's Foot Guards.

In April 1915 he enrolled in the Canadian Army and became Chief Dental Surgeon of the Canadian Army Dental Corps, with the Overseas Military Forces of Canada. He was appointed Director Dental Services, in August 1915 with headquarters in London, England. He organized the dental corps to attach dental officers to field ambulances and to carry out their duties in casualty clearing stations, general and stationary hospitals and at base camps. He established clinics at various Canadian training centres, command depots, special hospitals and segregation camps.

In recognition of valuable administrative services rendered during the war Col Armstrong's name was brought to the notice of the Secretary of State for War. In January 1918 King George V conferred on him the award of Companion of the Most Distinguished Order of St. Michael and St. George and in June 1919 he was further honoured as Commander of the Military Division of the most Excellent Order of the British Empire.

*L to R: Dr. Milton Armstrong (grand nephew of Col JA Armstrong), BGen JF Begin (DGDS), Mr. Bruce Armstrong (son of Col JA Armstrong, CMG, CBE, CADC — 1862-1928)*

*De gauche à droit: Dr Milton Armstrong (arrière-neveu du colonel J.A. Armstrong) Bgén J.F. Begin (DGSD), M. Bruce Armstrong (fils du col J.A. Armstrong, CMG, CBE, CADC, 1862-1928).*

À l'occasion du vingt-cinquième anniversaire de fondation du CMDN en 1986, l'inauguration d'une plaque à la mémoire du colonel J.A. Armstrong, C.M.G., C.B.E., C.A.D.C., a eu lieu le 16 décembre 1986. Cette plaque souligne les faits de guerre et la carrière militaire du colonel Armstrong qui a été directeur du Service dentaire de 1915 à 1919. Une courte biographie suit.

### Le colonel John Alexander Armstrong

Naissance: South March (Ontario) — 26 novembre 1862

Service: Service dentaire de l'Armée canadienne

Décès: Ottawa (Ontario) — 2 novembre 1928

Le colonel Armstrong obtient un diplôme en dentisterie de l'Université de Toronto en 1888. Il est membre des forces de réserve pendant 26 ans et, avant la Première Guerre mondiale, il fait partie de la Garde à pied du gouverneur général.

En avril 1915, il s'enrôle dans l'Armée canadienne et devient dentiste-chef au Service dentaire de l'Armée canadienne, dans les Forces militaires canadiennes outre-mer. Il est nommé Directeur des services dentaires en août 1915 au Quartier général de Londres, en Angleterre. Il fait en sorte que le Service dentaire puisse affecter des dentistes militaires dans des ambulances de campagne et dans les centres d'évacuation des blessés, ainsi que dans les hôpitaux généraux et stationnaires et dans les camps militaires. Il établit des cliniques dans différents centres d'entraînement, dans des dépôts de commandement et dans des camps d'isolement.

En reconnaissance des précieux services administratifs qu'il a rendus pendant la guerre, le nom du colonel Armstrong est signalé à l'attention du Secrétaire d'État à la guerre. En janvier 1918, le Roi Georges V lui décerne le titre de Compagnon du Très distingué Ordre de St-Michel et St-Georges et, en juin 1919, il a l'honneur d'être nommé Commandant de la Division militaire du Très Excellent Ordre de l'Empire britannique.

## APPOINTMENT—QUEEN'S HONOURARY DENTAL SURGEON

Colonel Morley Deyette, CD, DDS, was appointed Queen's Honorary Dental Surgeon to Her Majesty Queen Elizabeth II effective 1 January 1987.

Colonel Deyette was born in Kearney, Ontario. Following high school he entered the Faculty of Dentistry, University of Toronto obtaining his Doctor of Dental Surgery in 1961. The same year he commenced his military career as a Captain in the Royal Canadian Dental Corps. He then served as a dental officer in Petawawa, London and Ft Chambly, West Germany. In 1970 he attended Staff College in Toronto followed by an assignment as a staff officer in various appointments at NDHQ. He then went on to command 1 Dental Unit Ottawa, 11 Dental Unit Esquimalt and 13 Dental Unit Trenton. In 1985 he returned to NDHQ in his present appointment as Director Dental Treatment Services.

He currently holds the appointment of Chief Executive Officer representing the CFDS at the Canadian Dental Association and CFDS representative to the *Association of Provincial Registrars and Secretaries*.

Colonel Deyette and his wife Marilyn presently reside in Ottawa.

## CHIRURGIEN-DENTISTE HONORAIRE DE LA REINE

Le colonel Morley Deyette, CD, DDS, a été nommé chirurgien-dentiste honoraire de la Reine Sa Majesté Elizabeth II le 1<sup>er</sup> janvier 1987.

Le colonel Deyette est né à Kearney en Ontario. Après ses études secondaires, il entre à la Faculté de médecine dentaire de l'Université de Toronto où il obtient son doctorat en chirurgie dentaire en 1961. Cette année-là, il commence également sa carrière militaire comme capitaine dans le Corps dentaire royal canadien. Puis, il travaille comme dentiste militaire à Petawawa, à

London, et au Fort Chambly en Allemagne de l'Ouest. En 1970, il fréquente le Collège d'état-major à Toronto, après quoi il exerce des fonctions d'officier d'état-major dans différents services du

OGDN. Il prend ensuite le commandement de la 1<sup>re</sup> unité dentaire à Ottawa, de la 11<sup>e</sup> unité dentaire à Esquimalt et de la 13<sup>e</sup> unité dentaire à Trenton. En 1985, il revient au OGDN où il est nommé directeur du service dentaire (Soins), poste qu'il occupe toujours.

Il représente actuellement le SDFC à l'Association dentaire canadienne à titre de directeur et il représente également le SDFC à l'*Association of Provincial Registrars and Secretaries*.

Le colonel Deyette et son épouse Marilyn résident présentement à Ottawa.

## 25TH ANNUAL CFDS BONSPIEL

by: MWO J. Parker, CD

The Canadian Forces Dental Services School hosted the 25th Annual Canadian Forces Dental Services Bonspiel 29-31 Jan 87.

The success of this year's bonspiel was guaranteed by the large turnout of active and retired members of the CFDS and RCDC, and the addition of US Army Dental Corps personnel from Fort Knox, Kentucky and civilian friends. One hundred and ninety two curlers (48 rinks) competed, with over two hundred attending the presentation dinner on the Saturday night.

BGen JF Begin officially opens the 25th Annual CFDS Curling Bonspiel by delivering the first rock. BGen WR Thompson, Colonel Commandant CFDS and Col ED Cragg, Commandant CFDS are also shown assisting in the rock "delivery".

Le BGén JF Bégin ouvre officiellement le 25<sup>e</sup> bonspiel annuel du SDFC en lançant la première pierre. Le BGén WR Thompson, colonel commandant du SDFC, et le colonel Ed Cragg, commandant à l'ÉSDFC, assistent à « l'opération ».

BGen JF Begin, DGDS, shows off his newly acquired hat which was presented to him by Col W. Brokaw USADC of Fort Knox, Kentucky.

Le BGén Bégin, DGSD, montre le chapeau que vient de lui donner le colonel W. Brokaw du USADC de Fort Knox (Kentucky).

## LE 25<sup>e</sup> BONSPIEL ANNUEL DU SDFC

Adjudant-maître J. Parker, CD

Du 29 au 31 janvier 1987, l'École du Service dentaire des Forces canadiennes (ÉSDFC) a tenu son 25<sup>e</sup> bonspiel annuel.

Le bonspiel a été un véritable succès cette année grâce à la forte participation des membres actifs et retraités du Service dentaire des Forces canadiennes (SDFC) et du Corps dentaire royal canadien (CDRC), ainsi qu'à la présence de membres du corps dentaire de l'armée américaine de Fort Knox (Kentucky) et de civils. En tout, 192 joueurs (répartis sur 48 équipes) se sont affrontés et plus de 200 personnes ont assisté au dîner prévu le samedi soir.

Les compétitions ont commencé jeudi en début de soirée afin d'utiliser le plus grand nombre de glaces possible. Plus tard, dans la soirée, une petite rencontre de bienvenue organisée au club de golf a permis aux anciens de se rappeler de bons souvenirs et aux nouveaux de faire connaissance. Le bonspiel s'est poursuivi le vendredi et s'est terminé le lendemain en fin d'après-midi avec les finales. L'équipe du major Bob MacDonald, capitaine de l'unité dentaire 13, et ses coéquipiers, les majors Don McLean et Scott Becker et le capitaine Tom Mountain, ont remporté l'épreuve A.

Les festivités ont été couronnées samedi soir par un banquet tenu au Homestead Lounge de l'édifice Buell, à l'occasion duquel les prix ont été remis.

Par ailleurs, une épingle spéciale marquant la 25<sup>e</sup> édition de l'événement a été remise aux participants grâce à la générosité de l'Association du Corps dentaire royal canadien (ACDRC). Cette initiative du major Charlie Hunt (retraité) a été très appréciée.

BGen JF Begin is shown presenting a plaque to Col W. Brokaw USADC of Fort Knox, Kentucky during the presentation dinner.

Le BGén Bégin offre une plaque au colonel W. Brokaw du USADC de Fort Knox (Kentucky) au cours du dîner.

The curling began early Thursday evening in order to accommodate the large number of rinks. Later that evening, curlers and spectators enjoyed an informal « Meet and Greet » in the Golf Club during which many old acquaintances were renewed and new friendships made. The Bonspiel continued throughout Friday and concluded late Saturday afternoon with the finals. Winner of A event was the 13 Dental Unit rink skipped by Maj Bob MacDonald with Majs Don McLean and Scott Becker and Capt Tom Mountain.

The festivities concluded with an awards banquet held at the Homestead Lounge in the Buell Building on Saturday evening.

Of note was a special 25th Anniversary curling pin made available through the generosity and thoughtfulness of the RCDC(A). This initiative from Maj Charlie Hunt (Ret'd) was much appreciated.

#### WINNERS OF "A" EVENT GAGNANTS DE L'ÉPREUVE « A »

BGen JF Bégin is presenting Maj Bob MacDonald and his team of Maj Scott Becker, Capt Tom Mountain and Maj Don MacLean with their trophy as the Winners of "A" Event at the CFDS 25th Annual CFDS Bonspiel.

Le BGén JF Bégin présente au major Bob MacDonald et à son équipe, qui se compose du major Scott Becker, du capitaine Tom Mountain et du major Don MacLean, le trophée remis aux gagnants de l'épreuve « A » à l'occasion du 25<sup>e</sup> bonspiel annuel du SDFC.

#### WINNERS OF "B" EVENT GAGNANTS DE L'ÉPREUVE « B »

BGen WR Thompson, Col Comdt CFDS, is presenting CWO Jack Brisebois and his team of Capt Michael Drolet, LCol Gaetan Boulanger and Colonel Victor Lancitis with the trophy as Winners of "B" event.

Le BGén WR Thompson, colonel commandant au SDFC, présente à l'adjudant commandant Jack Brisebois et à son équipe, qui se compose du capitaine Michael Drolet, du lieutenant-colonel Gaetan Boulanger et du colonel Victor Lancitis, le trophée remis aux gagnants de l'épreuve « B ».

#### WINNERS OF "C" EVENT GAGNANTS DE L'ÉPREUVE « C »

CWO R Gaylor presents Capt Kevin Goheen and his team of Maj Tom Hennessy, Col Harold Brogan and LCol Bud Budzinski with the trophy as Winners of "C" event.

L'adjudant commandant R. Gaylor présente au capitaine Kevin Goheen et à son équipe, qui se compose du major Tom Hennessy, du colonel Harold Brogan et du lieutenant-colonel Bud Budzinski, le trophée remis aux gagnants de l'épreuve « C ».

#### WINNERS OF "D" EVENT GAGNANTS DE L'ÉPREUVE « D »

Mr. Charles Hunt President of the Royal Canadian Dental Corps Association is presenting the team of WO Danny Danyluck, Sgt Carol Comtois, Cpl Daniel Lambert and Capt Ben Cheng with their crests as winners of the "D" event.

M. Charles Hunt, président de l'Association du Corps dentaire royal canadien, remet une insigne à chacun des membres de l'équipe gagnante de l'épreuve « D » qui se compose de l'adjudant Danny Danyluck, du sergent Carol Comtois, du caporal Daniel Lambert et du capitaine Ben Cheng.

BGen JF Bégin and Pte(W) Smallman cut the cake at the Silver Anniversary Curling Bonspiel presentation dinner with BGen JN Wright (Ret'd), BGen KM Baird (Ret'd) and BGen WR Thompson (Ret'd) looking on.

Le BGén JF Bégin et Pte(W) Smallman coupent le gâteau. Le BGén JN Wright, le BGén KM Baird et le BGén WR Thompson, tous trois à la retraite, suivent l'opération de près.

A special cake was decorated marvelously for the 25th Silver Anniversary CFDS Curling Bonspiel. It tasted as good as it looks!

Un gâteau spécial, magnifiquement décoré, a été confectionné pour marquer le 25<sup>e</sup> anniversaire du bonspiel du SDFC. Précisons qu'il goûtait aussi bon qu'il était beau!

## DGDS/Unit CO's Workshop held at NDHQ Ottawa 2-4 Feb 1987

The annual DGDS/Unit CO's Workshop was held at NDHQ Ottawa from 2-4 Feb 87. The CFDS Bonspiel held at Borden the previous week may explain some of the strained and weary looks.

Standing (L-R) Col HS Wood, LCol MS Bouris, LCol JJ Lemieux, Col PR McQueen, LCol WA Gray, LCol EF Foley, Col ED Cragg, Col VJ Lancitis

## RCDC ASSOCIATION NEWS

### Constitution

The Royal Canadian Dental Corps Association is an off-shoot of the *Defence Dental Association of Canada*, and was organized by (Retired) Senior Officers of the Canadian Dental Corps shortly after World War II. Branches of the Association were established in military districts across Canada initially, but only the national body of the R.C.D.C. Association now exists.

### "The Aims"

The aims of the Association are to promote the efficiency and esprit-de-corps of the Royal Canadian Dental Corps/Canadian Forces Dental Services and to co-operate with fellow members of the Conference of Defence Associations in the promotion of general efficiency of Canada's Defence Forces.

### Membership

Active Members: Retired RCDC Officers  
Retired CFDS Officers  
Serving Reserve Dental Officers

Associate Members: Serving CFDS Officers

Annual Meeting: An Annual Meeting of the Association is held every fall, in a place of choice by the Executive Committee.

## NOUVELLES DE L'ASSOCIATION DU CDRC

### Origine

L'Association du Corps dentaire royal canadien, qui émane de la *Defence Dental Association of Canada*, a été formée par d'anciens officiers supérieurs du Corps dentaire canadien peu de temps après la Deuxième Guerre mondiale. Au début, l'Association avait des bureaux dans plusieurs districts militaires du pays, mais aujourd'hui seul l'organisme national de l'Association du CDRC subsiste.

### Mandat

L'Association a pour mandat de promouvoir l'efficacité et l'esprit-de-corps au sein du Corps dentaire royal canadien (Réserve) et du Service dentaire des Forces canadiennes, et de concert avec le Congrès des associations de la Défense, de promouvoir l'efficacité générale dans les forces de défense canadiennes.

### Membres

Membres actifs: Officiers retraités du CDRC  
Officiers retraités du SDFC  
Dentistes militaires actifs de la Réserve

Membres associés: Officiers actifs du SDFC

**Executive Committee:** The Executive Committee, voted on annually, shall consist of:

Honorary Presidents  
President  
Past President  
President Elect  
1st Vice President  
2nd Vice President  
Secretary  
Treasurer

## Activities

Executive Officers of the RCDC Association attended the Annual Conference of Defence Associations Meeting in January 1986 and submitted a resolution to expedite activation of the Reserve Dental establishment

Members of the Association participated in the CFDS Bonspiel at CFB Borden in February and the rink of LCol (Ret'd) H. Amos, Maj (Ret'd) G. Ames, Maj (Ret'd) K. MacDonald and Maj (Ret'd) CG Hunt were the winners of the "D" event.

Major Hunt accepted an invitation to attend the Matrikas Memorial Golf Tournament at CFDS, Camp Borden (May 1986).

Members of the Association attended the retirement dinner for BGen JN Wright at which time the President presented him with an Honourary Life Membership in the RCDC Association and a Collector's Gift Plate to both him and Mrs. Wright.

Maj Hunt was a special guest at the DOTP Graduation exercises on Aug 7-8 where the student reception is sponsored by the RCDC Association.

Our Annual Meeting for this year was held in conjunction with the CDA Convention in Halifax, at which time we arranged for a Dental Corps Reception in RA Park Officers' Mess — with over 100 serving members and former members in attendance. This was highlighted with the presence of the current DGDS, BGen JF Begin and two former Directors General, BGen (Ret'd) JN Wright and BGen (Ret'd) WR Thompson (Colonel Commandant), along with the President of the CDA, Dr. Brad Holmes, Past President, Dr. Ralph Crawford and the President Elect, Dr. John Robertson.

It was also approved by the Executive at this meeting, to increase our Annual Grant to the Canadian Fund for Dental Education, and make a donation to the CFDS School, to commemorate the Silver Anniversary of the Corps Bonspiel.

RCDC Association members turned out in large numbers for the Annual Golf Tournament at CFB Trenton in September. In his closing remarks at this year's dinner, BGen Begin announced the introduction of a new trophy for former members to be known as the Charles Hunt Trophy and President Chas made the presentation to the first winner, Blair Pollock.

LCol (Ret'd) Bill Waid attended a special session of the Conference of Defence Associations in Toronto, Ontario on November 22 1986 to coordinate the 50th Anniversary of the Conference of Defence Associations in January 1987.

At the Annual Meeting of our Association in Halifax on August 24th, it was moved that Col P.R. McQueen of the Dental Services Division, be awarded the Col Edgecombe Trophy for 1986 for the excellent support he has given our Association. Major Hunt made the official presentation to Col McQueen at the Division on 25 November 1986.

**Réunion annuelle:** L'Association se réunit tous les automnes à l'endroit choisi par le comité de direction.

**Comité de direction:** Le comité de direction, dont les membres sont élus tous les ans, se compose des personnes suivantes:

Présidents honoraires  
Président  
Ex-président  
Président élu  
1<sup>er</sup> vice-président  
2<sup>e</sup> vice-président  
Secrétaire  
Trésorier

## Activités

Les membres du comité de direction de l'Association du CDRC ont assisté en janvier 1986 à la réunion annuelle du Congrès des associations de la Défense au cours de laquelle ils ont présenté une résolution en vue d'accélérer la mise sur pied de la Réserve dentaire.

Des membres de l'Association ont participé au tournoi de curling du SDFC à la BFC Borden en février durant lequel l'équipe composée du lieutenant-colonel H. Amos, du major G. Ames, du major K. MacDonald et du major C.G. Hunt, tous des officiers à la retraite, a remporté l'épreuve « D ».

Le major Hunt a accepté une invitation au Tournoi de golf Matrikas Memorial qui a eu lieu à l'ESDFC de Borden en mai 1986.

Des membres de l'Association ont assisté au repas soulignant la retraite du brigadier général J.N. Wright. Le président de l'Association a remis au brigadier général une carte de membre honoraire à vie de l'Association et lui a offert, ainsi qu'à son épouse, une plaque commémorative.

Le major Hunt a assisté, à titre d'invité spécial, aux exercices de fin d'études du PFDM les 7 et 8 août. Le coût de la réception offerte aux étudiants était assumé par l'Association du CDRC.

Nous avons tenu notre réunion annuelle de 1986 à Halifax où avait lieu également le Congrès de l'Association dentaire canadienne. Nous avons organisé une réception pour le Corps dentaire au mess des officiers de RA Park à laquelle ont assisté plus de 100 convives, des membres actifs et des anciens membres. Parmi les invités de marque, soulignons la présence du DGSD actuel, le brigadier général J.F. Begin, de deux directeurs généraux à la retraite, les brigadiers généraux J.N. Wright et W.R. Thompson (colonel commandant) et du président de l'Association dentaire canadienne, le D<sup>r</sup> Brad Holmes, son ex-président, le D<sup>r</sup> Ralph Crawford et le président élu, le D<sup>r</sup> John Robertson.

Au cours de la réunion, le comité directeur a approuvé l'augmentation de notre contribution annuelle au Fonds canadien pour l'enseignement dentaire et il a décidé de faire un don à l'Ecole du SDFC pour commémorer le vingt-cinquième anniversaire du tournoi de curling du corps.

C'est en grand nombre que les membres de l'Association du CDRC se sont inscrits au tournoi de golf annuel qui a eu lieu à la BFC Trenton au mois de septembre. Dans son allocution à la fin du dîner, le brigadier général Begin a annoncé l'attribution d'un nouveau trophée à l'intention des anciens membres, le Trophée Charles Hunt, et le président Chas a présenté le trophée à son premier gagnant, M. Blair Pollock.

Those CFDS Officers wishing to become *Associate Members* of the RCDC Association — please contact Maj CG Hunt, 26 Southdale Drive, Markham, Ontario L3P 1J7. (416) 294-1294.

Le 22 novembre 1986, le lieutenant-colonel Bill Waid, maintenant à la retraite, assistait à une séance extraordinaire du Congrès des associations de la Défense à Toronto en préparation du 50<sup>e</sup> anniversaire de fondation du Congrès en janvier 1987.

Le 24 août, à la réunion annuelle de l'Association du CDRC à Halifax, il a été proposé d'attribuer le Trophée colonel Edgecombe pour 1986 au colonel P.R. McQueen de la Division du service dentaire en reconnaissance de l'excellente contribution qu'il a apportée à notre organisation. Le major Hunt a fait la présentation officielle du trophée au colonel McQueen à la Division le 25 novembre 1986.

Tous les officiers du SDFC qui souhaiteraient devenir *membres associés* de l'Association du CDRC sont priés de communiquer avec le major C.G. Hunt, 26 Southdale Drive, Markham (Ontario), L3P 1J7. Tél.: (416) 294-1294.

## DGDS ACTIVITIES

Effective 30 June 1986 Brigadier-General JF Begin assumed the appointment of Director General Dental Services for the Canadian Forces. Since that time he has maintained a very active visit and appointment schedule in carrying out his many and varied duties as DGDS. To give CFDS members some understanding of the travel and time involved the following list of activities over the past eight months is provided for general information.

7-8 Aug 86 — DOTP Graduation Borden  
20-25 Aug 86 — CDA Convention Halifax  
4-6 Sep 86 — CFDS Golf Tournament Trenton  
23-28 Oct 86 — Visit 35 Dental Unit HQ, Lahr & Baden Dental Detachments  
29 Oct-1 Nov 86 — USAREUR and 7th Army Dental Training Conference Garmisch  
6 Nov 86 — Guest Lecturer CFDS Borden (Dental Detachment Commanders Course)  
22 Nov 86 — Retirement Dinner for MGen HT Chandler Washington USA  
2-7 Dec 86 — Visit 12 Dent Unit HQ Halifax (Halifax, Shearwater, Greenwood, Cornwallis)  
15-17 Jan 87 — Conference of Defence Associations  
29-31 Jan 87 — CFDS Bonspiel Borden

## EMPLOI DU TEMPS DU DGSD

Le brigadier général J.F. Begin occupe, depuis le 30 juin 1986, le poste de directeur général du Service dentaire des Forces canadiennes. Il a dû pour s'acquitter de ses fonctions multiples et variées se plier à un emploi du temps extrêmement chargé. Pour donner aux membres du SDFC une idée des déplacements et du temps que ces activités ont pu demander, nous vous présentons la liste des visites et des manifestations auxquelles le DGSD a participé au cours des huit derniers mois.

7 et 8 août 1986 — Remise des diplômes du PFDM à Borden  
20 au 25 août 1986 — Congrès de l'Association dentaire canadienne à Halifax.  
4 au 6 septembre 1986 — Tournoi de golf du SDFC à Trenton  
23 au 28 octobre 1987 — Visite au QG de la 35<sup>e</sup> unité dentaire, Détachements dentaires de Lahr et Baden  
29 octobre au 1<sup>er</sup> novembre 1986 — USAREUR et 7th Army Dental Training Conférence à Garmisch  
6 novembre 1986 — Conférencier invité à l'ESDFC à Borden (Cours de chef de détachement dentaire)  
22 novembre 1986 — Dîner soulignant la retraite du major général H.T. Chandler, à Washington, E.-U.  
2 au 7 décembre 1986 — Visite au QG de la 12<sup>e</sup> unité dentaire à Halifax (Halifax, Shearwater, Greenwood, Cornwallis)

DGDS Visit to 1 CFSD. L to R: BGen Begin and Col Chiasson, CO 1 CFSD

*DGDS Visit to 13 Dent Unit and Air Force Museum. L to R: LCol Lemieux, BGen Begin, Col Diamond*

2-4 Feb 87 — DGDS/Unit Commanders Workshop Ottawa  
9-12 Feb 87 — Visit 13 Dent Unit Trenton (London, Toronto, Kingston)

19-20 Feb 87 — Visit 15 Dent Unit (Valcartier & La Citadelle)

26-27 Feb 87 — 13 Dent Unit Conference Trenton and Dental Det Trenton

11-12 Mar 87 — Visit 1 Dent Unit Ottawa HQ and dental detachments

25-27 Mar 87 — Visit 15 Dent Unit Montreal (Maisonneuve, Longue Pointe St Jean, CMR, HQ 15DU & FDCC)

29 au 31 janvier 1987 — Tournoi de curling du SDFC à Borden  
2 au 4 février 1987 — Atelier du DGSD et des commandants d'unité à Ottawa

9 au 12 février 1987 — Visite à la 13<sup>e</sup> unité dentaire à Trenton (London, Toronto, Kingston)

19 et 20 février 1987 — Visite à la 15<sup>e</sup> unité dentaire (Valcartier et La Citadelle)

26 et 27 février 1987 — Conférence de la 13<sup>e</sup> unité dentaire à Trenton et détachements dentaires à Trenton

11 et 12 mars 1987 — Visite aux détachement dentaire et au QG de la 1<sup>re</sup> unité dentaire à Ottawa

25 au 27 mars 1987 — Visite à la 15<sup>e</sup> unité dentaire à Montréal (Maisonneuve, Longue Pointe, St-Jean, CMR, QG 15<sup>e</sup> unité dentaire et Cadre de la compagnie de campagne du corps dentaire (FDCC)

## NEWS FROM THE DDTS DIRECTORATE

During the past four months the 6 members of the DDTS Directorate have certainly been involved in a multiplicity of meetings, conferences and activities. The Director, Col Morley Deyette attended the DOTP Selection Board 24 Nov 86, the annual Secretaries/Registrars Conference 2-5 Dec in Toronto, and participated in the Post Graduate Selection Board 17 Dec 87.

DDTS 2, LCol Hudgins, presided as Chairman of the Non-Commissioned Members Merit Board 4-14 Nov 86 and at this time is coordinating the compilation of the 1986 Annual Report.

DDTS 3, Maj Cooper, our one man computer «expert» has managed to have the CF purchase 56 stand alone machines for

## NOUVELLES DE LA DSD Soins

Les six membres de la DSD Soins ont participé au cours des quatre derniers mois à une foule de réunions, de conférences et d'activités de toutes sortes. Le directeur, le colonel Morley Deyette, a assisté à la conférence annuelle (des secrétaires et des directeurs-généraux des associations dentaires provinciales qui a eu lieu du 2 au 5 décembre à Toronto, et a siégé au comité de sélection du programme d'études supérieures le 17 décembre et au comité de sélection du programme de formation des dentistes militaires le 24 novembre 1986.

Le DSD Soins 2, le lieutenant-colonel Hudgins, a présidé le conseil de promotion au mérite du personnel non officier du 4 au 14 novembre 1986 et s'affaire actuellement à la préparation du rapport annuel de 1986.

the CFDS. He is presently on DentIS training trying to perfect his two finger typing technique, certainly a prerequisite to his new appointment as a career manager.

The Annual Equipment Procurement Committee Meeting took place on 9 Dec with many members of the DDTS Directorate present. That the meeting lasted only eight hours is a direct compliment to Maj Sutherland, CWO Beauchamp and WO Hannay who spent days preparing the expedient agenda.

LCol Hudgins, Maj Sutherland and CWO Beauchamp attended the Chicago Midwinter Meeting, reviewing new products and materials. They also talked to company representatives. This has to be penance for something, Chicago in mid-February!

WO Hannay has finally received the English version of the CFP 203 and an IPS offer to 1992. He is wondering if they are trying to tell him that it will take that long for the promulgation of the bilingual version of the CFDS Stores Catalogue. Officially, his position has been upgraded from Dental Catalogue Clerk to a staff position DDTS 4-2-2 effective Nov 86.

With the onset of sub-zero Ottawa weather conditions, Col Deyette has changed from leading his staff on their daily noon hour route march to skating to Dow's Lake and back (10 miles).

Le DSD Soins 3, le major Cooper, notre « spécialiste » en informatique a réussi l'exploit de convaincre les FC d'acheter 56 appareils autonomes pour le SDFC. Il reçoit présentement sa formation sur le système d'information DENTIS, essayant de parfaire sa technique de dactylographie à deux doigts, sans doute une condition requise pour sa nouvelle affectation comme coordonnateur de carrières.

La réunion annuelle du comité d'acquisition d'équipement, à laquelle ont participé de nombreux membres de la DSD Soins, a eu lieu le 9 décembre. Si la réunion n'a duré que huit heures, tout le mérite en revient au major Sutherland, à l'adjudant-chef Beauchamp et à l'adjudant Hannay qui ont mis plusieurs jours à préparer un ordre du jour efficace.

Le lieutenant-colonel Hudgins, le major Sutherland et l'adjudant-chef Beauchamp se sont rendus examiner de nouveaux produits et équipements au *Chicago Midwinter Meeting* où ils ont également eu l'occasion de s'entretenir avec des représentants d'entreprises. Chicago à la mi-février, qu'est-ce qui a bien pu leur valoir cela?

L'adjudant Hannay a enfin reçu la version anglaise de la PFC 203 et on lui a également appris qu'il bénéficierait d'une période indéfinie de service jusqu'en 1992. Veut-on lui faire comprendre que la publication de la version bilingue du catalogue de fournitures du SDFC prendra tout ce temps? Son poste de préposé aux fournitures dentaires a été reclassifié officiellement depuis novembre 1986 et l'adjudant Hannay occupe maintenant un poste de DSD Soins 4-2-2.

Depuis que le froid s'est installé dans la capitale nationale, le colonel Deyette et son personnel ont décidé de chausser leurs patins pendant la pause-repas du midi et font tous les jours l'aller-retour entre le bureau et le lac Dow, soit distance de 10 milles.

## NEWS FROM THE DDPR DIRECTORATE

Colonel P.R. McQueen (DDPR) attended an Advanced Trauma Life Support Course (ATLS) in Toronto on 28-29 Nov 86. The attendance was as an "observer" since dentists in Canada are not authorized to take ATLS. DDPR is pursuing permission for CFDS personnel to take ATLS training in preparation for CFDS para-medical role.

Major Jack Shore (DDPR 2) had major eye surgery in NDMC during Jan 87. He has since completed sick leave and returned to duty.

The Conference of Defence Associations annual general meeting was held in Ottawa in mid January 1987. BGen Begin (DGDS), Col McQueen (DDPR), BGen Thompson (Ret'd) (Col Comdt), Maj Hunt (RCDC Assoc), LCol Waid (RCDC Assoc) and LCol Lesage (RCDC Assoc) were in attendance.

Most dental officers in the Dental Services Division have only the third and final Heptavax B injection to receive as part of the Hepatitis B vaccination program.

A few brave members of DGDS faced -20°C temperatures for a noon hour skate on the Rideau Canal, Friday 13 February. The skaters were lead by Mrs. Armanda Tomei (a former GOLD medalist who laced up the skates to set the pace). The skaters returned

## NOUVELLES DE LA DSDPB

Le colonel P.R. McQueen (DSDPB) s'est rendu à Toronto les 28 et 29 novembre 1986 pour assister à un cours avancé de traumatologie à titre d'observateur uniquement puisque les dentistes ne sont pas autorisés au Canada à suivre un tel cours. La DSDPB essaie d'obtenir que le personnel du SDFC puisse avoir accès à cette formation pour se préparer au rôle paramédical du SDFC.

Le major Jack Shore (DSDPB 2) a subi une opération délicate aux yeux au CMDN en janvier 1987. Sa convalescence étant terminée, il est depuis revenu au travail.

L'assemblée générale annuelle du Congrès des associations de la Défense a eu lieu à Ottawa à la mi-janvier 1987. Le brigadier général Begin (DGSD), le colonel McQueen (DSDPB), le brigadier général Thompson (officier à la retraite et colonel commandant), le major Hunt (Assoc CDRC), le lieutenant-colonel Waid (Assoc CDRC) et le lieutenant-colonel Lesage (Assoc CDRC), figuraient au nombre des participants.

Dans le cadre du programme de vaccination contre l'hépatite B, il ne reste plus à la plupart des dentistes de la Division du service dentaire qu'à recevoir la troisième et dernière injection de Heptavax B.

Vendredi le 13 février, quelques courageux membres de la DGSD sont allés patiner sur le Canal Rideau pendant la pause-repas du midi à une température glaciale de -20 °C. La petite

to the office to share some clam chowder (made by Maj LR Hatcher) and a glass of grape.

Capt T. Mayne (DDPR 4) visited FMC HQ on 2-4 Feb for associated meetings on Exercise Brave Lion, Canada/Norway MOU negotiations and discussions on field doctrine.

Col McQueen and Maj Shore participated in the selection of CFDS candidates for Post Graduate Training which will commence in late 1988.

troupe était conduite par M<sup>me</sup> Armanda Tomei, une ancienne médaillée d'OR qui avait décidé de chausser les patins afin de régler l'allure des patineurs. De retour au bureau, une soupe aux poissons, préparée par le major L.R. Hatcher, et un verre de vin attendaient les patineurs.

Du 2 au 4 février, le capitaine T. Mayne (DSDPB 4) participait, au QG de la FMC, à diverses réunions portant sur l'exercice Brave Lion, la négociation de protocoles d'entente entre le Canada et la Norvège et la doctrine des opérations en campagne.

Le colonel McQueen et le major Shore ont pris part à la sélection des candidats du SDFC au programme d'études supérieures dont le début est prévu pour la fin de 1988.

## CANADIAN FORCES DENTAL SERVICES SCHOOL

by: MWO J. Parker, CD

### General News

This reporting period at the Canadian Forces Dental Services School has been a busy one for all staff members. The School has conducted a Dental Detachment Commanders course, seven trade courses, two dental emergency courses for Medical Assistant training, and has provided instructional personnel for two other courses, all within the last three month period. Needless to say, everyone was looking forward to the Christmas break.

Full of New Year's resolutions, the staff has returned to begin another full year of training and treatment. The classrooms are beginning to fill again with the return of Hygiene course (8601) and the arrival of students for the Dental Clinical Assistant TQ3B course.

### Dental Detach Commanders Course

The Dental Detachment Commanders course was held at the School from 20 Oct to 7 Nov 86.

Rear-Admiral TA Smith (retired), former Chief of Reserves, was one of the prominent lecturers who spoke on motivational techniques to the Course.

On 5 Nov 86, BGen JI Hansen, B Comd CFB Borden, gave a presentation on "Leadership in the Canadian Forces".

During the period 6-7 Nov, BGen JF Begin, Director General Dental Services, visited the School to address the Detachment Commander Course. He spoke on the role of the dental detachment commander, concept of leadership and the military ethics.

During the course, one of the students celebrated his "21st" birthday, (Oct 25). Shown is the "Birthday Boy", Major Klaus Jennerman, 13 Dental Unit Detachment North Bay, and "Krazy Klown" who assisted at the celebration.

The Course concluded with a Mess Dinner at the Rafah Officers' Mess with the guest of honour, General Begin, in attendance.

### Small Arms Annual Qualification

On 10 Oct 86, CFDSS staff members headed out to the Vimy Range area, CFB Borden, for the annual small arms qualification exercise. The previous afternoon, Cpl Y. Legault had held a weapon safety demonstration in the School Library (due to inclement weather) for all of us "deadly shots".

The weatherman provided a beautiful day and under the guidance of WO J. Gosselin, Sgt R. Loraas, and Cpl Y. Legault, we all passed our annual qualification on the FNC 1.

Multi bruises and sore shoulders were noted on the Monday morning afterwards, particularly on those members recently posted to the School from AIRCOM bases.

### Continuing Education Program at CFDSS

As part of the CFDSS continuing education program for the dental officers, LCol R. Taylor presented a lecture on "The Dentists's Role in the Detection of Child Abuse" on 17 Oct 86.

Continuing in this series, on 21 Nov 86, Maj G. Iverson presented a lecture on "Electronic Endodontic Apex Locators".

Maj J. Walton wrote the Royal College of Dentists of Canada membership exams (Part 1), in Toronto on 24 Oct 86. Part II of the examinations was completed on 4 Dec 86. She successfully passed both parts. Well done!

## Canadian Forces Decorations Presented at CFDSS

*Col ED Cragg, Commandant of the CFDSS, recently presented the Canadian Forces Decoration to Capt E. Karpetz, Capt G. Fournier, and Sgt R. St. Jacques. Cpl AJ Côté received his first Clasp to his CD after twenty-two years' service.*

### Aerobic Award

*Col ED Cragg, presenting Cpl A Muscat with his well deserved aerobic award. To qualify for the Canadian Forces Physical Fitness Award for aerobic excellence, a member must accumulate 2000 units from participation in aerobically oriented activities, in less than two years.*

### Top Candidates Awards

*Cpl(W) PD Isberg receives the overall Top Candidate Award from Col ED Cragg, Commandant CFDSS, during recent graduation ceremonies.*

*Pte WC Furgala receives the Top Field Candidate Award from Col ED Cragg.*

### Dental Hygiene Course TQ6A (8601)

The Dental Hygiene Course 8601 (20 Aug 86 — 26 Feb 87) is proceeding well.

Maj M. Pilon, 11 Dental Unit Detachment Commander Chilliwack, was a guest lecturer for the period 20 Oct to 6 Nov 86. He presented lectures on nutrition and dental public health.

On 20 Nov 86, the Course presented a table clinic on "Desensitizing Agents" at the Toronto Academy of Dentistry Winter Clinic in Toronto, held at the Metro Toronto Convention Centre. The return trip was quite humorous as the vehicle was full of dental product samples, pamphlets and posters. There was barely room for the students!

On 1 Dec 86, the dental hygiene students travelled to Toronto to visit the School of Dental Hygiene at George Brown College. This adventure gave them a chance to compare military and civilian hygiene course structures and facilities.

With the entitlement of only *ONE* suitcase each, the dental hygiene students departed CFB Borden for a three week TD trip to CFB Halifax. With only seven weeks left and the last perio

exam completed, they are now counting the days to the end of the course. CWO D. Frerichs and WO D. Bowering, the course directing/teaching staff, are also counting the days, as it seems they are expecting another hygiene course to start on 4 Feb 87.

### **CFDS Materiel Management Committee Meeting**

The annual meeting of the CFDS Materiel Management Committee was held at the Canadian Forces Dental Services School during the period 22-23 Oct 86. Members attending this meeting were: Col MN Deyette, (Chairman); LCol LJ Hudgins (Secretary); LCol W Budzinski (Specialist); and Maj GW Iverson; Maj J. Sutherland; CWO J Arbour; CWO CJ Beauchamp.

### **Toronto Academy of Dentistry Winter Clinic**

The Toronto Academy of Dentistry Winter Clinic was held on 20 Nov 86 at the Toronto Metro Convention Centre. LCol R. Taylor, WO D. Bowering, Sgt J. Boulay, and MCpl L. Payette attended the clinic.

The day consisted of various demonstrations of equipment and supplies by major dental companies, lectures presented by well-known dental professionals on numerous subjects, during the afternoon; and table clinic presentations in the evening.

Other CFDS personnel attending were:

MWO J. Parker, Sgt M. Boulay, and Cpl M. Leclerc (Treatment Coy Hygienists) — presented a table clinic on "Instruments used in Root Planing".

Cpl D. Perry demonstrated the mobile dental clinic display.

Sgt M. Corriveau, Cpl J. Duncan, Cpl E. Fitzpatrick, Cpl R. Goth and Cpl S. Lafontaine (Dent Hyg Course 8601) presented a table clinic on "Desensitizing Agents".

### **Social Functions**

With the staff of the School being so busy and with the arrival of new staff members, it was appropriate to gather everyone for an evening of fun. Under the capable guidance of WO D. Bowering and his entertainment committee, the School staff and spouses enjoyed a potluck supper and dance in the lounge of the Buell Building on 4 Oct 86. The evening was most enjoyable and allowed new members to get acquainted with the rest of the staff and their spouses while showing off our culinary skills at the same time.

Hallowe'en is the time of year for all types of "creatures" to come out. The Canadian Forces Dental Services School was the scene for the visit of two such characters. An extremely ugly and frighteningly realistic witch paid an early morning visit to staff, students and patients, striking terror in the hearts of even the most hardened old soldiers, including the School Chief Warrant Officer.

Later the same day "Raggedy Andy" showed up to entertain the patients, many of whom seemed reluctant to submit their dental care to the hands of this unorthodox dental officer.

Many thanks to Maj T. Pielak, and to Capt E. Karpetz for highlighting our Hallowe'en. We wonder what's up for next year!

The annual CFDS Christmas Dinner and Dance was held on 12 Dec 86 at the Royal Downs Golf Course. A short snow storm began in the early evening and driving was treacherous. This did not dampen any spirits and many retired members were able to join our merry group. The soiree began with an excellent meal followed by an evening of dancing. The snow storm had abated by midnight and everyone was able to get home without inci-

dent. Again, WO D. Bowering and the entertainment committee were responsible for a superb evening.

On 16 Dec 86, Santa visited the CFDS and was the highlight of the annual Staff Christmas Party and gift exchange. Santa had quite a sense of humour this year with many "special" gifts (calendars with interesting photos, packages of underwear for "two", etc) being distributed. Col Cragg, Commandant CFDS, had two super surprises of his own as he announced two upcoming promotions: MCpl L. Payette promoted to Sgt, and "Santa" (MWO D. Frerichs) promoted to CWO.

The Children's Christmas Party for the children of CFDS staff members was held on 18 Dec 86 with "Santa George Bradley" on hand to dispense gifts to the happy little guests. Refreshments were served afterwards.

At the Junior Non-Commissioned Member's Christmas Dinner held on 19 Dec 86, LCol D. Morrow and CWO R. Gayler performed the duties as servers to the Junior NCMs of CFDS.

### **Sports — Middleton Marathon — 3 Oct 86**

When the annual one-and-half mile physical fitness test was put out to pasture to make room for the Express Fitness Test, the Base Borden Physical Education staff decided that an annual marathon would be an excellent memorial to all those poor members who had to perform the one-and-a-half mile test for most of their career.

This marathon consists of 10 one-and-a-half mile segments with each segment being run by a different runner. Our CFDS team placed fourth in the closed event of the marathon. Closed event teams consisted of ten military members on strength of any School, Unit, Branch or Section at CFB Borden with the following composition: four runners aged 29 years and under; four runners aged 30 to 39 years; and two runners aged 40 years or over. A bit of tension was created within the team when one of the over 40 runners beat a keen athlete in the 30 to 39 category by one second; more mileage will be gained from this one in terms of "mental harassment" than most marathoners run in a lifetime.

We are sure our "team of ten" will make it into the medals the next time, especially since a certain member in the 30-39 category has been seen out each noon hour pushing himself to his physical limit in an effort to cut one second from his time.

Team participants were: LCol Morrow, LCol Taylor, Maj Iverson, Maj Pielak, Sgt Loraas, Cpl Legault, Cpl Duguay, Cpl(W) Leclerc, Cpl Muscat, and Cpl Coté.

### **CFDS Funspiel**

On Fri 9 Jan 87 the CFDS staff participated in a fun curling afternoon organized by the Sports Committee. MWO W. Cudmore arranged for two games of four ends to be played with the following results:

**1st Place Team:** Cpl Y Legault, Sgt M. Burke, WO J Gosselin, Sgt M. Isabelle

**2nd Place Team:** CWO G. Hildebrandt, Maj L. Butler, MWO K. Delmage, Mrs. C. Hutter

**3rd Place Team:** Sgt L. Payette, Maj G. Iverson, Maj J. Walton

Sgt R. Hall was given honourable mention for his sweeping technique as was MWO J. Parker for her "delivery" - lying down!

This was only a "practice" for the upcoming CFDS Bonspiel — (and boy, do we need practice!)

# 1 DENTAL UNIT

by: CWO LR Barrett, CD

## General News

The annual inspection of 1 Dental Unit was completed in Oct 86 by our Commanding Officer LCol EF Foley and PO2 RW Wyman — our chief clerk. All personnel had the opportunity for interviews while the administrative and supply procedures were reviewed and found to be "Ship Shape" by PO2 Wyman.

Mrs. McCallum, a representative from Dental Depot, gave a demonstration/lecture to the NDHQ Detachment on the new types of endo files, and an apex locator. She also demonstrated a 35mm camera used specifically for intra-oral photography.

The new CF uniforms are making their appearance in the Ottawa area. The majority of 1 Dental Unit are wearing the new green issue with the exception of PO2 Wyman who is proudly parading the dark blue naval uniform.

## Social/Sports

1 Dental Unit turned in their uniforms for spurs and saddles on the 24 Oct 86. They spent an enjoyable afternoon on the range ... and we know now who the cowboys are in this unit.

WO JM Pinsent being presented with her Warrant Badge by LCol EF Foley

Unit sports afternoon on the 27 Nov 86 saw the majority of the personnel at the Gym at CFB Ottawa(S) for a workout of squash, badminton and volleyball. It was no surprise to hear that the majority of 1 Dental Unit personnel passed the PT Express Test.

During the Christmas season the normal round of social events took place. The Unit Christmas party was held at the Courtyard restaurant in the Byward market on the 17 Dec 86.

The Unit Curling Spiel was held at CFB Ottawa(S) on the 23 Jan 87 with nine team participating. Good curling and a lot of fun was had, and many thanks are extended to WO Danny Danyluck who did a tremendous job of organizing the event. The team with the most points were Sgt Lou Roussy (Skip) Lyle Kallman, Bob Wormington (Dental Depot Reps) and Maj Cousens.

## Guatamala

Sgt Joyce Cotton spend 28 days during the Christmas season with 117 children at an orphanage in Guatamala. Joyce assisted in house parenting girls of ages 5 to 15 and she had the opportunity to provide her hygiene skills to those 3 yrs and older. This experience left a tremendous impression on Joyce and she is now longing to do more.

Sgt JM Pilote being presented with her Chevrons by LCol EF Foley

# 11 DENTAL UNIT

by: Capt CG Sproule, CD

PO2 BH Quigley of CFOCS directing staff at CFB Chilliwack was the center of attention during his annual recall exam. He was the last person due for an exam. Everyone on base has been seen during 1986. PO2 Quigley's reception committee are: L/R WO Mary Forlippa, Pte Carol Plamondon, Pte Dawn Ingram, Cpl Linda Pennock and Pte Joanne Caldwell.

## 12 DENTAL UNIT

by: Capt RD Adair, CD2

### Wilds of Newfie

Gander Detachment's Capt DeMontmorency has his patients up to snuff which permitted a few days of TD to northern Newfoundland and the south coast of Labrador. He accompanied the CFRC Cornerbrook mobile (by dory?) recruiting team and gave presentations to high schools on the benefits of the DOTP program and the role of the CFDS in the CF. Some people will do anything to get a replacement, eh?

### Retirement Dinner/Familiar Faces

Gagetown detachment held a retirement mess dinner for WO Bob James. Familiar ex RCDC/CFDS members who attended were Jim Atherton, Phil Egan and John MacLean. In addition, members of the Gagetown Detachment attended plus CWO Mathe-son, WO Nolet, WO Searle from Halifax Detachment, Sgt Hopkins from Chatham Detachment and Capt Mountain from 13 Dental Unit.

### Court Martial

Halifax Detachment's MWO Paige (no, he was not court martialled) acted as a prosecution witness at a local court martial as a "CF Dental Document subject matter expert". Apparently, a young sailor was charged with some fifty counts of AWOL from

his job for varying periods of time and his defence was that he was attending dental appointments. Partly true, he attended some, but not fifty! The dental documents were legible and accurate and stood the test of scrutiny by the court — imagine the possible embarrassment to CFDS if they hadn't.

### CD2 — Col Brogan

I'll take literary licence with this one and get it out the back door before the CO sees it. Col Brogan was recently presented with his CD2 by the DComd MARCOM. The qualifying years for this award are a known factor, hence the CO can no longer be vague when responding to comments about his age.

### ARAF Manning Assistance

As we all know, Detachments without civilian CRs on establishment can always use a bit of assistance on the administrative end of things. Summerside Detachment has found a unique solution to this problem. Through their rapport with the local Air Reserve Augmentation Flight (ARAF) they have had the assistance of reserve Adm Clks from time to time. More than one way to skin a cat!

### DGDS Visit

BGen Begin visited the Unit 3-5 Dec 86. He toured Unit HQ, Halifax, Shearwater, Greenwood and Cornwallis Detachments accompanied by Col Brogan and Capt Adair. During his tour he had a luncheon at Greenwood, a dinner-dance at Cornwallis, a dinner-dance at Halifax and a luncheon at Shearwater. During his visit to Halifax he made promotion presentations.

RAdm Mifflin presenting Col Brogan with his CD2

BGen Begin

## 13 DENTAL UNIT

by: Capt TW Mountain, CD

### Promotions

Throughout the months of Nov — Dec the unit had a rash of promotions. Congratulations are extended to Sgt Crockett-White, Sgt Harnett, and Sgt Trepanier, all from the Kingston Detachment and to Cpl Beach from Petawawa on her accelerated promotion.

### Party Time

The Fall season is traditionally a time for parties and this year is no exception.

The HQ Staff attended 4 luncheons, a staff party hosted by the CO, the TSHQ Christmas party, the DCOS Pers Adm curling afternoon and the Offr/Snr NCM At Home.

The Trenton Detachment held 3 staff parties, a dinner-dance and attended the At Home.

The North Bay Detachment held 3 luncheons, a staff party and participated in the Base turkey shoot.

The London Detachment held a staff party and attended the Base Christmas Dinner and At Home.

The Petawawa Detachment held a luncheon, 2 staff parties, and attended the Base At Home.

The Kingston Detachment held a luncheon, 2 staff parties, and attended the Base At Home.

The Toronto Detachment held a luncheon, a dinner-dance, a staff party, and attended the Base Christmas Dinner and At Home.

### Lab Services Re-aligned

There were changes to the lab positions in 13 Dental Unit last year and this Fall saw some additional re-alignment. The Porcelain Lab is finally operational at Kingston but will eventually be moved to Trenton when the Central Lab opens in 1989. The Cpl Lab Tech position at Kingston has been moved to Trenton and the Sgt Lab position has been deleted at London and moved to CFE (APS 87).

### Ipperwash

Thanks to our DE Techs from CFS/DEW Toronto, the part-time clinic at Ipperwash was renovated and expanded and a newer generation of dental equipment was installed; however, the place remains unheated!

---

## 14 DENTAL UNIT

by Capt DT Langford, CD

### Cadin/Pinetree Radar Site Closure — Update

With the closure of four part-time clinics (CFS Dana, CFS Alaska, CFS Gypsumville and CFS Sioux Lookout), we can now see the light at the end of the tunnel. For many TD will be a thing of the past, but for a few it will only be a change of scenery. As the numbers of CF personnel in Dundurn and Thunder Bay increase, so does the demand for treatment. Plans are now underway to provide dental treatment on a part time basis to these sites. A small dental clinic is now being completed in Camp

Dundurn and the dental equipment will be transferred from CFS Dana and installed by 31 Mar 87. One visit a year is being planned, but the clinic will also be available for use during the militia training period.

### Dent Det Wainwright

Air Command establishment letter 86/66 dated 5 Dec 86 established 14 Dental Det Wainwright as a full time dental clinic with a UIC of 1264AA. One position has been established for a Sgt Dent Cl A while the Dent Det Comd and C/P Dent Cl A positions will be manned on a supernumerary basis.

### New Uniforms

The issue of the winter uniform to members of 14 Dental Unit in Winnipeg is now complete and our distinctiveness is very apparent amongst the blue.

---

## 15 DENTAL UNIT

by: Maj N. Audet, CD

### Exercise BRAVE LION

Thirteen members of the Valcartier and Quebec Dental Detachments participated in Exercise BRAVE LION which was held in Norway from 26 Aug - 2 Oct 86.

### FOTAG Meeting

Col VJ Lanctis, CO 15 Dental Unit, LCol Y. Ayotte, SSO Dent, and Maj LW Bailey, OC FDCC discussed a number of topics as members of the Field Operation and Training Advisory Group (FOTAG) during their meeting at NDHQ/DGDS on 11-12 Sep 86,

including the Field Dental Company Cadre Terms of Reference, and Automated Data Procedures (Field Operations).

### Training Assistance CFDSS

Maj LW Bailey, OC FDCC and Capt JL Pouliot, A/Ops & Trg O FDCC, provided training assistance to the Dent Det Comd's course at CFDSS on 27 Oct 86. The aim of the presentation was to acquaint candidates with the dental support concept in an area of operations. The presentation was based on the Corps 86 doctrinal model which groups dental resources, less oral surgery teams, with Combat Service Support formations.

### FMC Commander's Visit

The Commander of FMC conducted a short familiarization visit of 15 Dent HQ on 15 Dec 86 in the company of COS Adm and CO FMC HQ. Col Lanctis replied to questions, presented the staff and put in a few appropriate "plugs" for the Dental Militia.

## EXERCISE MOLLAIRE GELEE II

by: MWO B.C. Rector, CD

Exercise MOLLAIRE GELEE II (MG II), (or "FROZEN MOLAR II" for the Anglos) was a winter environmental exercise conducted for two groups of selected members of 15 Dental Unit at Camp Farnham from 19-21 Jan 87 and 26-28 Jan 87. The aim of the exercise was to train unit personnel to accomplish their dental tasks under winter field conditions. Additionally they received instruction on some winter survival topics. The Exercise Coordinator, MWO Rector, was assisted in conducting the training by MWO Lemieux, WO Girard, WO Leclerc and Sgt Fournier.

The first morning of the exercise consisted of a series of lectures and demonstrations on various subjects including proper use of winter environmental clothing, hygiene and sanitation, injuries due to cold, use and maintenance of stoves, lanterns and pressure cookers, the loading and lashing of toboggans, pitching and striking arctic tentage and introduction to snowshoeing. About mid-day the group pulled toboggans and snow-shoed to the first campsite where five-man tent groups were established. During the afternoon, the groups received instruction on winter operation of the mobile dental clinic and the 10kw generator. It was a very full day and the participants returned to their tents at about 1630 hrs to dine and prepare for the evening's activities. After munching their delectable field rations the tent groups were divided into two groups. MWO Lemieux took the first group for a 90-minute snowshoe exercise while the second group gathered wood for the evening fire. At approximately 1930 hrs the groups rotated and WO Girard took the second group for its snowshoe frolic while the first group finished collecting wood and started the fire. At approximately 2100 hrs, around the campfire, fire piquet duties for the night were assigned and details for the second training day were announced. Much to the chagrin of Maj Audet, all but the fire piquet soon disappeared to the relative comfort of their tent groups for some well deserved rest.

Day two began at 0600 hrs the following morning as two treatment teams "pulled pole" and moved their dental clinic to a different part of the Camp to prepare to receive patients from the Camp staff. A third treatment team established a clinic in the Base Camp area while the remainder of the troops followed WO Girard "into the trees" for emergency shelter construction (lean-to). Again the groups rotated approximately mid-day. During the late afternoon, the groups united and prepared to move cross-country to a new camp site, approximately 1500 meters away. The move was relatively short but adequate to provide the participants with a taste of what their combat arms patients do frequently. The first tent was erected within eight minutes of arrival at the new site and the remaining tents were up within 15 minutes. At approximately 1715 hrs the Commanding Officer, Col VJ Lancitis visited the exercise and after freely distributing some of his home-made "Caribou" addressed the participants.

Despite fatigue and the night chill, visits from tent group to tent group continued until "pull pole" at 2000 hrs. The night was bright and "crisp" and moonlight was all the light required to establish camp. Noise discipline, on the other hand, could have been improved as the odd curse drifted across the training area. By 2200 hrs all were settled comfortably for the night, including five females who had volunteered to use the lean-to prepared under the able supervision of WO Louis "the Arctic Fox" Girard. In fact the occupants of the lean-to may have been the most comfortable of all because of the heat from their fire being reflected

off the log wall into the lean-to. The "ladies" took turns watching and feeding the fire throughout the night.

Reveille on the third day took place at the traditional 0600 hrs and two treatment teams were despatched to Camp Farnham for clinical duties. The remaining teams enjoyed a leisurely breakfast and then began the "clean-up" which proceeded throughout the morning. At 1130 hrs the Commanding Officer again visited the exercise site to announce the promotion of Capt Audet to Major. All took the opportunity to congratulate the new major on a well deserved promotion.

The exercise scenario was almost identical for the second part of the exercise the following week. The participants of the second exercise constructed a snow cave rather than a lean-to as a temporary shelter for the second night. Again, reports had it that a comfortable night was spent by the occupants of WO Girard's "Arctic Hilton" despite the fact that the temperature during the second week fell to a chilly -34°C as opposed to -22°C the preceding week. Survival was the key word during the second week of the exercise.

All in all it was felt that the exercise readily achieved the aim. Such success would not have been possible without the outstanding effort made by all members of the Unit who so willingly contributed their time, effort, ingenuity and, most of all, sense of humour to the training. *Bien fait tout le monde!*

15 Dental Unit participants of the first week 19-21 Jan 87

Cpl Lemieux and team members preparing to move

*Cpl Lessard and Cpl Pelletier setting up the air compressor for clinic operation*

*Once the clinic is operational, coffee becomes the next priority. Sgt Baril tends the stove!*

*WO Girard explains the construction of a lean-to to CO 15 Dent, Col Lancitis*

*The lean-to construction workers pause a moment to show the partial completion of their shelter.*

*Pte Tran-huu piles snow for the build-up of the snow cave*

*Pte Meade condenses surface snow during construction of a snow cave*

## Personnel

Le 15 octobre, l'Adj Labrosse du Détachement dentaire Bagotville a rencontré le Maj Gibbons, Officier de l'Approvisionnement, pour se familiariser avec sa nouvelle position d'officier de liaison pour l'Escadron des cadets de l'air de St-Félicien. Il faisait sa première visite à St-Félicien le 28 octobre, en soirée, pour revenir aux petites heures du matin. Cette heure tardive ne l'a tout de même pas exempté du rappel à la Base le matin du 29 octobre à 0455 heures.

Le hasard a voulu que le Sgt P. Charbonneau du Détachement dentaire Québec devienne instructeur-chef du « National » de la BFC Valcartier, équipe de hockeyeurs âgés de 10 à 12 ans. En effet il semblerait que les volontaires pour s'occuper des jeunes se fassent aussi rares qu'une bonne combinaison de la 6/49!

Du 24 novembre au 5 décembre, le Capt N. Audet du CCDC et l'Adjuc J. Brisebois du Détachement dentaire Valcartier étaient en devoir provisoire au DSDP à Ottawa où ils ont été affectés à la validation et à la traduction d'analyse d'emplois qui sera distribué à tous les auxiliaires du Service dentaire de janvier à mars 87.

Le Col VJ Lanctis, accompagné du Lcol Y. Ayotte, Maj LW Bailey et du Capt J. Pouliot, a effectué une visite surprise au Camp Farnham le 21 janvier 1987 pour présenter au Capt N. Audet sa promotion bien méritée au grade de major. Bravo Noël!

## Sports et activités sociales

Du 11 au 19 octobre, le Capt Drolet du Détachement dentaire CMR, pratiquait son sport favori: la chasse à l'original. Cependant il est revenu bredouille pour une 4e année consécutive. Il prévoit modifier sa technique d'approche pour l'an prochain. Il paraîtrait qu'il oserait utiliser du sel comme appât. Avis aux agents de la faune...!

Du 6 au 10 octobre, le Cpl Desbiens du Détachement dentaire CMR, a participé au championnat national de soccer qui se déroulait à la BFC Petawawa. L'équipe de St-Jean a terminé en 4e position.

Durant la soirée du 27 novembre 86, tous les participants de la conférence du Commandant, la majorité accompagnée de leurs épouses, ont envahi le quartier chinois de Montréal pour souper. Ils ont par la suite changé de continent en se rendant au « Vieux Munich ». L'appétit vient en dansant car plusieurs convives ont terminé la soirée chez le fameux restaurant « Swartz ».

Comme à toutes les années, plusieurs activités sociales ont eu lieu en décembre 1986 pour célébrer la fête de Noël et la fin de l'année. Tout le personnel de l'Unité a eu plusieurs occasions de prendre part aux festivités de fin d'année et certains de ces événements méritent d'être soulignés.

Le Détachement dentaire St-Jean a vécu un party de Noël des plus drôles le 11 décembre 1986. A cette occasion plusieurs se sont fait bien « beurrés » par la « fée des glaces »; incidemment, avant qu'elle perde ses bobettes, on s'est longtemps demandé de quel sexe elle(?) était. Le tout avait débuté vers midi par une partie de quilles; s'ensuivit un goûter où tous les officiers et les adjudants et sergents avaient préparé un plat (heureusement) différent, puis l'échange des cadeaux et le prononcé des voeux de la saison par le Commandant et l'Adjudant-chef de la Base qui s'étaient joint aux convives vers 1530 heures.

Le 19 décembre 1986, le personnel dentaire de la région de Montréal accompagné de leurs épouses s'est rendu au « Relais Terrapin » dans le vieux Longueuil pour y déguster un souper qui fait encore jaser. Le tout s'est terminé par un buffet et une soirée dansante chez les « Audet ». L'ambiance et l'enthousiasme a atteint son comble lorsque plusieurs litres de vin nouveau, dont un « Sylvaner » en fermentation, furent dégustés!

Le tournoi annuel de curling de la 15e Unité dentaire s'est déroulé à la Garnison Longue Pointe, BFC Montreal, le 9 janvier 87. Un nombre record d'équipes (17) y participa et tous furent heureux du déroulement des activités. La surprise de la journée fut sans contredit la victoire de l'équipe de Longue Pointe formée du Maj C. Arpin, Sgt G. Bélisle, Mme Luce Jadotte et Mme Louise Samson.

*On Wed 29 October 1986, Col VJ Lanctis, CO 15 Dental Unit, officially raised the Unit Headquarters CFDS flag. The inaugural event was witnessed by most members of the Headquarters and Maisonneuve Detachment.*

*Mercredi le 29 octobre 1986, le Col VJ Lanctis, Commandant 15e Unité dentaire, a inauguré le mât de pavillon de la 15e Unité dentaire. Quelques membres du QG de la 15e ainsi que du Détachement dentaire Maisonneuve ont participé à l'événement.*

## 35 DENTAL UNIT

by: Sgt DB Lamb, CD

The fall of 86 has been generally quiet at Headquarters CFE. The busy schedule of courses and TD trips managed to keep most of us away from the shop off and on between October and mid-December.

The big news of course was the visit to 35 Dental Unit by the DGDS, BGen Begin, who arrived in CFE on 24 October and following a whirlwind tour, returned to Ottawa on 7 November.

The DG's airplane had no sooner touched down in Lahr when he was whisked away to the Dental Clinic at the Airfield for a cup of coffee and a word with the troops. During his tour of the ultra modern clinic facilities (Philosophy of Design 1914) the General heard many flattering comments about the clinic (comments in the Waiting Room??).

On Saturday evening 25 Oct, the DGDS attended an informal unit dinner held in his honour at the Gasthaus Krone in Lahr. A large turnout of unit members and their spouses/friends were in attendance to greet the General and to enjoy an excellent meal.

Following Sunday's tour of the Schwarzwald, the official visit continued on Monday with a tour of the Dental Detachment at Baden-Soellingen. There the General was greeted by the staff of the other temple of modern dentistry (despite the lack of windows, the Mobile Dental Clinic runs a close second in quality).

Despite the many wonders to be seen at Lahr and Baden, the DGDS, accompanied by the CO, LCol Bouris, headed for Bavaria to visit with the personnel manning the two clinic sections deployed with 4 CMBG on FALLEX 86. Following lunch with BGen Lalonde, Commander 4 CMBG, it was off to 4 Service Battalion to visit with Capt Allison and Cpl Gaudreau who told the General they loved being in the field!?

Next came a visit to Capt Stevenson and Cpl Ross at 4 Field Ambulance. The old cliché « Rank has its Privileges » holds true, particularly when the RSM orders one of his troops off the throne so that the visiting General may answer the call!!

Following his visit to the Sharp End, the tour continued on to the USAREUR and 7th Army Dental Training Conference held at Garmisch. In addition to attending the training and enjoying the opportunity to spend some time with the dental officers, BGen Begin also had the opportunity to visit the local area around Garmisch.

During his visit to CFE, the DGDS took the opportunity to meet and discuss dental support with the Commander CFE, MGen JL Sharpe, and Col JCA Emond the Base Commander at CFB Lahr.

It was a pleasure for the Commanding Officer, LCol Bouris, the officers and NCMs of 35 Dental Unit to have BGen Begin as our guest in CFE.

### 35 Dental Unit Detachment — Lahr

by MWO LA Lambert, CD1

Autumn arrived in Lahr with a thought in our minds that even all the German wine and beerfests could not help us forget. Accommodation would persist in being our foremost concern until

all renovations to our laboratory and clinic are completed. Early in September LCol Garland along with his clinic coordinator, MWO Paul Mehler, and Snr laboratory technician MWO Al Lambert, sat down with members of Defence Construction to finalize details to plans for renovations. These changes would relocate the existing lab and provide us with operatories for our dental teams presently working out of the mobile clinics in the backyard. A proposed completion date was determined for December. Now January we patiently wait, not only for construction to be completed, yet still for it to begin. Meanwhile across town at the Lahr Kaserne some relief was felt through the opening of a clinic annex. Utilizing LCol Bouris's old offices, two temporary operatories were set up not only alleviating our accommodation problem but also providing a bonus to military personnel working at the Kaserne. They now have dental treatment on location — at least for the present.

Throughout the fall most clinic personnel completed annual NBCW training, Express tests and MLVW familiarization. MWO Ray Jobin and Sgt Chuck Best were tasked as RSO and assistant RSO providing weapons training and range control for CFB Lahr personnel, qualifying on the FN C1. Another example of the diversity of our job in Europe and the versatility of our people. "Snowball" was called on 15th September with unit members "rolling in" at 0430 hrs in time to bid Capt Craig Allison and Cpl Dave Gaudreau a fond farewell as they "rolled out" with the Service Battalion and continued on to exercise, Sinister Safari. A five day prelude to Fallex 86 held in late October in Bavaria.

Once again Sgt Best competed in the Athens marathon, bettering last year's time and finishing the grueling 26 mile course in three hours, twenty minutes. Meanwhile back in Lahr, Sgt Elise Dechenes returned from her honeymoon in Kenya and immediately set her husband, Capt Chuck Armstrong, to work helping her put on the final touches on this year's unit volksmarch. For a brief moment renovation flashed through people's minds since Elise's husband is employed at Base CE. However, to no avail. Capt Armstrong is well in control and is able to remain unbiased with our concerns.

Although November was for the most part routine one event did highlight and set the stage for the festive season to follow. MWO Ray Jobin along with his sidekick Cpl Al Mitchell did the honours by organizing and gathering detachment members and their families together for a very successful FARRT. All participants relieved themselves of the November blues and newcomers were afforded the opportunity to explore and learn more about their German home. Ray will provide more detail in his article to follow.

On December 5th the Lahr detachment hosted the annual 35 Dental Unit Christmas fling, once again at the Gasthof Gruner Baum, much to everyone's enjoyment and satisfaction. Unfortunately Santa, MWO Al Lambert, and Elf, Sgt Louise Laliberté were so involved with the organization of the event they would not be able to make their appearance until much later. Then on the 17th of December at the Gasthof Adler in Reichenback, while all detachment members were enjoying a quiet Christmas luncheon, Santa and his Elf stormed in bearing gifts and good tidings for all. In the interim, Elf Laliberté was able to make her television debut representing our unit and extending Christmas wishes across Canada.

These latter events marked the beginning of the yuletide holiday season and a well deserved break for everyone. We all look forward to 1987, and the New Year, and are in anticipation of

what surprises will be in store. Perhaps even to see renovations started — maybe even finished!

### **35 Dental Unit Detachment — Lahr, FARRT**

by MWO Ray Jobin, CD1

Sunday, the 9th of November, 1986, personnel and families of the Lahr detachment and 35 Dental Unit HQ gathered at the airfield Rod and Gun club uniting their efforts and producing a successful FARRT.

The FARRT, or Family Automobile Rally and Reconnaissance Tour gave participants the occasion to acquaint themselves a little more with their colleges and the neighboring towns and villages about Lahr. LCol Garland and Mrs. Peggy Bouris' teams led the way out but for some unknown reason were not among the leaders at the finish. The competition was merciless and every trick in the book was used to win. One team tried shortcuts yet went twice the required distance due to their questionable tactics while yet another tried falsifying a control stamp by camouflaging with white-out. Even road directions and responses to required rally skill testing questions were given in a less than above board manner.

All in all a friendly and enjoyable atmosphere prevailed. Capt Chris Cottle's team, making maximum use of bonus points for children, came on as the best FARRT of the day.

### **35 Dental Unit Volksmarch — 1986**

by Sgt CE Armstrong

Sunday, the 19th October 1986, saw members of 35 Dental Unit gather courageously to brave the elements and participate in the annual unit volkswandertag. Depending on how rusty the old legs were or perhaps the number of toddlers one had in tow, participants had a choice of either a five or ten kilometre route.

Nothing would stop the hearty hikers. Not the pouring rain, not even the wind which was invigorating to say the least. Although the sun refused to shine, the scenery along the Rhein and through its bordering forests remained pleasant.

Upon completion of their selected trek the "wanderfreunden" gathered at the Gasthaus Rheinlust, Ottenheim where warm food and refreshments could be enjoyed by all. Most important and despite the inclement weather a fun day was had by all.

### **Baden Detachment News**

by Capt TG Agapas

Things have settled down somewhat at the Baden Detachment after a very busy Posting Season. The Detachment's two favorite wanderers, WO Girard and Sgt Bujold participated in a 3 day 3 country 100 km Volksmarch in the Bodensee (Lake Constance) area from the 19th to 21st of September 1986. Two other detachment members, Capt Agapas and Cpl Ross, went wandering for three weeks in support of 4 CMBG on Fallex from the 20th of October until the 7th of November. In the meantime, Capt Hart was at CFDSS from the 17th of October to the 7th November attending the Detachment Commander's Course. The Detachment welcomed BGen Begin on the 27th of October during his visit to the unit.

Maj Swan attended the 30th annual USAREUR and 7th Army Dental Training Conference from the 28th of October to the 1st of November amidst the beautiful scenery of Garmisch —

Partenkirchen. On the 15th to 18th of November, the Detachment's budding World Cup champions, Maj Swan and WO Girard, attended the Chimo Ski Club Instructor's Clinic in Solden, Austria. They both can now teach at the 4 CMBG, Chimo (Baden) and Snowbirds (Lahr) Ski Schools. The Detachment barely had time to bid him "hello" when Maj Swan departed with Sgt Bujold on the 24th of November to CDLS (London) until the 5th of December.

The month of December was obviously destined to be a good one when Sgt Roy was honoured as "Safe Driver of the Month" by MSE Section for December. In early preparation for the Christmas season, several members attended the Annual Christmas Variety Show on the 30th November and 1st of December. Many Baden personnel took to the autobahn on the 5th of December to attend the annual Unit Christmas Party, in Lahr. On the 13th of December, Sgt Gignac graciously hosted a pre-Christmas Party reception at his home and the next day all the dental officers attended the reception given at the Officers Mess for local dignitaries. The dental officers also attended the "At Home" reception given for Senior NCMs at the Officer's Mess on the 16th of December. The week was completed by the Detachment Christmas party on the 18th of December and by visiting the base units during the annual CAG Crawl on the 19th of December. Maj and Mrs. Swan hosted the Detachment and the Civilian Clinic members and their families at their home on the 20th of December. On behalf of the Detachment, Maj Swan delivered a Christmas hamper and toys to a single parent family in Plittersdorf on the 21st of December.

Maj Hatcher, PCO/Dent, visited the Detachment on the 8th of January to ring in the New Year. On the 9th of January, the Detachment travelled to Lahr for the annual Unit Bonspiel where the Lahr Detachment narrowly squeaked out a victory to steal the "Horse's Head" from its rightful owners. Another future Canadian ski team hopeful, Sgt Bujold, attended the 4 CMBG Ski School (Alpine) from the 19th to 23rd of January.

Capt Hart followed from the 26th to 30th of January participating in Nordic skiing. On January 23rd, the Detachment attended a seminar of Fixed Prosthodontics given by Col Law (USAF) in Baden. All the dental officers attended the Non Killer Mess Dinner in Baden on the 24th of January to round out the month.

### **Dental Detachment Cyprus**

by Capt RR Gillis

The dental team of Capt RR Gillis and A/Sgt TG McGee have completed over half of their UN tour. The Canadian Airborne Regiment has been a captive audience and as a result dental fitness (red-coded personnel) is 100%.

The team has enjoyed several activities on the island including water-skiing, sailboarding, golf, racket sports and inter-commando sports and as winter settles in, some snow skiing in the Troodos Mountains.

Capt Gillis has completed the NAUI scuba diving course to the Openwater II level. He has enjoyed several dives in the Mediterranean including a dive on a wreck dating from the 1974 war.

Over the holiday season the dental team attended several Christmas and New Year's functions and a UN Parade on Christmas Day, where both members received their UNFICYP medals.

At present the team is anxiously awaiting funding approval from UN Headquarters in New York for the renovation of the clinic. Should the project be approved, there will be new wiring, cabinetry, walls and floors which will dramatically improve the clinic environment.

*The following is a reprint of an article which was published in the Stars and Stripes Newspaper 7 December 1986.*

#### **"CANADIANS' PORTABLE FIELD DENTAL UNIT HELPS FILL THE GAP AT U.S. MILITARY CLINIC"**

By Joe Mapothier Bremerhaven bureau

SCHINNEN, Netherlands — Because of a tour extension, the dental clinic commander knew he had an extra dentist for six months. U.S. Army Lt. Col William Porter also knew he had no room for the dentist or his patients.

The solution: send some patients back out the front door of the Schinnen clinic and into a portable field dental unit supplied by the Canadians.

Maj Morley Hunter, the Canadian dental unit commander, didn't mind turning the portable unit over to the Americans because he also shares Porter's clinic.

Hunter knew what it was like to be a dentist without a chair. When the Canadian dental detachment was sent in the early 1980s to the NATO air base across the border in Geilenkirchen, Germany, the Canadians found the single dentist's chair there already occupied — by an American.

So the Canadians found room at the Schinnen U.S. Military Community Support Activity clinic, which serves surrounding bases and the Brunssum, Netherlands, Headquarters of Allied Forces Central Europe. Ten Americans and two Canadians spend all or part of their time in the Schinnen clinic.

Their move marked the beginning of a relationship that has burgeoned into sharing supplies and the patient load.

The dental commanders say they alternate handling sick call and examinations. "At one point we were spending 30 percent of our time treating Americans," Hunter said.

When space became critical because of the extra dentist, Hunter and the Canadians came up with a solution by borrowing the field unit from Canadian forces stationed at Lahr, Germany. Since early October, the unit has stood adjacent to the clinic. A portable generator supplies power.

"I can't tell the difference," U.S. Army Capt Jack Barnhill said after a stint inside the field unit to have his teeth cleaned "This is just as good as being inside."

Although the field unit can be used to do extractions and comes equipped with an X-ray unit, it is being used only for hygiene work and only when there is no space available in the clinic building.

"We plan in the future to possibly use a mobile dental team, and this gives us first-hand experience," Porter said.

Construction of a dental clinic at the Geilenkirchen NATO air base will mean an end to the portable clinic at Schinnen. "A 1987 opening is tentatively planned for the new clinic", Hunter said.
